First-Round Playoff Games

Site Priorities

Three Wild Card teams (division non-champions with best three records) from each conference and the division champion with the third-best record in each conference will enter the first round of the playoffs. The division champion with the third-best record will play host to the Wild Card team with the third-best record. The Wild Card team with the best record will play host to the Wild Card team with the second-best record. There are no restrictions on intra-division games.

Waivers

The waiver system is a procedure by which player contracts or NFL rights to players are made available by a club to other clubs in the League. During the procedure the 27 other clubs either file claims to obtain the players or waive the opportunity to do so—thus the term "waiver." Claiming clubs are assigned players on a priority based on the inverse of won-and-lost standing. The claiming period normally is 10 days during the offseason and 24 hours from early July through December. In some circumstances, another 24 hours is added on to allow the original club to rescind its action (known as a recall of a waiver request) and/or the claiming club to do the same (known as withdrawal of a claim). If a player passes through waivers unclaimed and is not recalled by the original club, he becomes a free agent. All waivers from July through December are no recall and no withdrawal. Under the Collective Bargaining Agreement, from February 1 through October 16, any veteran who has acquired four years of pension credit may, if about to be assigned to another club through the waiver system, reject such assignment and become a free agent.

Active List

The Active List is the principal status for players participating for a club. It consists of all players under contract, including option, who are eligible for preseason, regular season, and postseason games. In 1990, teams will be permitted to open training camp with no more than 80 players under contract and thereafter must meet a series of mandatory roster reductions prior to the season opener. Teams will be permitted to dress up to 45 players for each regular season and postseason game during the 1990 season; in addition, each club will have an Inactive List of two players. Maximum roster limits and dates for 1990 are:

August 28..... active list of 60 players
September 3 ..... active list of 45 players (plus two-player Inactive List)

In addition to the Active List limits described above, there also is an overall roster limit of 80 players that is applicable to players on a club's Active, Inactive, or Exempt Lists, and any players on Reserve as Injured, Physically Unable to Perform, Non-Football Illness/Injury, and Suspended.

Reserve List

The Reserve List is a status for players who, for reasons of injury, retirement, military service, or other circumstances, are not immediately available for participation with a club. Players on Reserve/Injured are not eligible to practice or return to the Active List until four regular-season games have been played.

Each club will have five free activations for players placed on Reserve/Injured after the final cutdown. Players also can be returned to the club's Active List if they clear Procedural Recall waivers. Any player placed on Reserve/Injured prior to or concurrent with the final cutdown on September 3 may not return to the club nor practice with the team that year. Clubs participating in postseason competition will be granted an additional activation for each postseason game, provided they have exhausted all previous activations.

Players in the category of Reserve Retired, Reserve/Did Not Report, or Reserve/Veteran Free Agent Asked to Re-Sign may not be reinstated during the period from 30 days before the end of the regular season through the postseason.

Trades

Unrestricted trading between the AFC and NFC is allowed in 1990 through October 16, after which trading of player contracts/rights will end until January 28, 1991.

Tie-Breaking Procedures

The following procedures will be used to break standings ties for postseason playoffs and to determine regular-season schedules.

To Break a Tie Within a Division

If, at the end of the regular season, two or more clubs in the same division finish with identical won-lost-tied percentages, the following steps will be taken until a champion is determined.

Two Clubs

1. Head-to-head (best won-lost-tied percentage in games between the clubs).
2. Best won-lost-tied percentage in games played within the division.
3. Best won-lost-tied percentage in games played within the conference.
4. Best won-lost-tied percentage in common games, if applicable.
5. Best net points in division games.
6. Best net points in all games.
7. Strength of schedule.
8. Best net touchdowns in all games.
9. Coin toss.

Three or More Clubs

(Note: If one team wins multiple-team tiebreaker to advance to playoff round, remaining teams revert to step 1 of applicable two-club format, i.e., either in division tiebreaker or Wild Card tiebreaker. If two teams in a multiple-team tie possess superior marks in a tiebreaking step, this pair of teams revert to top of applicable two-club format to break tie. One team advances to playoff round, while other returns to original group and step 1 of applicable tiebreaker).

1. Head-to-head (best won-lost-tied percentage in games among the clubs).
2. Best won-lost-tied percentage in games played within the division.
3. Best won-lost-tied percentage in games played within the conference.
4. Best won-lost-tied percentage in common games.
5. Best net points in division games.
6. Best net points in all games.
7. Strength of schedule.
8. Best net touchdowns in all games.
9. Coin toss.

To Break a Tie for the Wild Card Team

If it is necessary to break ties to determine the three Wild Card clubs from each conference, the following steps will be taken.

1. If the tied clubs are from the same division, apply division tiebreaker.
2. If the tied clubs are from different divisions, apply the following steps.

Two Clubs

1. Head-to-head, if applicable.
2. Best won-lost-tied percentage in games played within the conference.
3. Best won-lost-tied percentage in common games, minimum of four.
4. Best average net points in conference games.
5. Best net points in all games.
6. Strength of schedule.
7. Best net touchdowns in all games.
8. Coin toss.

Three or More Clubs

(Note: If one team wins multiple-team tiebreaker to advance to playoff round, remaining teams revert to step 1 of applicable two-club format, i.e., either in division tiebreaker or Wild Card tiebreaker. If two teams in a multiple-team tie possess superior marks in a tiebreaking step, this pair of teams revert to the top of the applicable two-club format to break tie. One team advances to playoff round, while other returns to original group and step 1 of applicable tiebreaker.)

1. Head-to-head sweep. (Applicable only if one club has defeated each of the others, or if one club has lost to each of the others.)
2. Best won-lost-tied percentage in games played within the conference.
3. Best won-lost-tied percentage in common games, minimum of four.
4. Best average net points in conference games.
5. Best net points in all games.
6. Strength of schedule.
7. Best net touchdowns in all games.
8. Coin toss.

Tie-Breaking Procedure for Selection Meeting

If two or more clubs are tied for selection order, the conventional strength of schedule tiebreaker will be applied, subject to the following exceptions for all playoff teams.

1. The Super Bowl winner will be last and the Super Bowl loser will be next-to-last.
2. Any non-Super Bowl playoff team involved in the tie moves down in drafting priority as follows:
   A. Participation by a club in the playoffs without a victory adds one-half victory to the club's regular-season won-lost-tied record.
   B. For each victory in the playoffs, one full victory will be added to the club's regular-season won-lost-tied record.
3. Clubs with the best won-lost-tied records after these steps are applied will drop to their appropriate spots at the bottom of the tied segment. In no case will the above process move a club lower than the segment in which it was initially tied.
4. Tied clubs will alternate priority throughout the 12 rounds of the draft. In case of a tie involving three or more teams, the club with priority in the first round will drop to the bottom of the tied segment in the second round and move its way back to the top of the segment in each succeeding round.

Instant Replay Approved for 1990

For the fifth consecutive season, NFL clubs have approved a limited system of Instant Replay on a one-year basis.

There is one significant change in the system from 1989. All replay reviews which involve contact to the field from the Replay Booth will be a maximum of two minutes in duration, timed from the moment when the Umpire signals timeout.

The Replay Official will be assigned to a regular officiating crew and will attend crew meetings the day before each game.

The following table outlines the number of reversals and plays closely reviewed by instant replay in each of the previous four seasons.

	Games	Reversals	Plays Closely Reviewed
1986	224	38	374
1987	210	57	490
1988	224	53	537
1989	224	65	492

In 1986, the system was approved by a 23-4-1 vote. In 1987, the vote was 21-7. In 1988, replay was cleared by a 23-5 margin. In 1989, the vote was 24-4. In 1990, the vote was 21-7.

The NFL has discussed Instant Replay in some degree or other since the early 1970s. The League experimented in 1976 and 1978 using two basic frameworks—an independent system using cameras, replay machines, and technicians separate from the network covering the games, and a "no-frills" approach using existing TV coverage.

In 1985, the NFL used the network feed of the nine nationally-televised preseason games to experiment with the basic system which later was adopted for 1986, 1987, and 1988. A total of 28 plays (17 confirmed calls, 4 inconclusive, 1 reversed, and 6 no replay shown) were closely examined in the 1985 experiment.

Q—What is the objective of this system?

A—The clubs feel that on certain plays the telecast viewed by the general public should be used to correct an indisputable error. The system will be used to reverse an on-field decision only when the Replay Official has **indisputable visual evidence** available to him that warrants the change.

Q—Who will be involved?

A—The Replay Official (a former NFL or collegiate official) will be positioned in a sideline Replay Booth, which will house two TV monitors and two high-speed VCRs plus radio communications to the on-field officials. The Replay Official makes the decision although a Communicator (normally a member of the League Office staff) and a Technician also will be there to lend logistical help.

Q—Why is the system referred to as "limited" Instant Replay?

A—This system will concentrate on plays of **possession** or **touching** (e.g. fumbles, receptions, interceptions, muffs) and most plays governed by the **sidelines, goal lines, end lines,** and **line of scrimmage** (e.g. receiver or runner in or out of bounds, forward or backward passes, breaking the plane of the goal line). It also will be used to determine whether there are more than 11 men on the field.

Q—Why aren't most fouls included in this system?

A—It is recognized that in most circumstances the on-field officials have the best vantage points involving fouls. It is for this reason that Instant Replay **will not review** a list of the following 26 fouls:

1. Clipping
2. Encroachment and offsides
3. Grasp of facemask
4. False start
5. Defensive pass interference
6. Offensive pass interference
7. Offensive holding and illegal use of hands
8. Illegal batting or punching ball
9. Illegal block on free kick or scrimmage kick
10. Illegal crackback
11. Illegal motion
12. Illegal use of forearm or elbow
13. Illegal use of hands by defense
14. Illegally kicking ball
15. Illegally snapping ball
16. Intentional grounding
17. Member of punting team downfield early
18. Illegal formation
19. Palpably unfair act
20. Piling on
21. Roughing the passer
22. Running into/roughing kicker
23. Striking, kicking, or kneeing
24. Unnecessary roughness
25. Unsportsmanlike conduct
26. Use of helmet as a weapon

Q—Is the television network carrying the game part of the review process?

A—No. Although the Replay Official will be viewing the live network feed, there is no communication to television personnel as to which plays to show or not to show. The Replay Official does not hear the TV commentators.

Q—What is the step-by-step procedure of a play review?

A—The Replay Official will view game action and a play will be replayed immediately on one of the two monitors, while the other one continues to record the live feed.

The Replay Official makes a determination if further study of the play is needed. If not, there is no contact with the field and play continues without interruption.

If the Replay Official believes an error may have been made the Umpire will be contacted via a headset.

The Replay Official will watch replay(s) on one or both monitors and complete his review within a reasonable period after the play is over.

The Replay Official will inform the Umpire of his decision, and the Referee will make the appropriate announcement on the wireless microphone.

Figuring the 1991 NFL Schedule

As soon as the final game of the 1990 NFL regular season (Los Angeles Rams at New Orleans on December 31) has been completed, it will be possible to determine the 1991 opponents of the 28 teams.

At the March, 1990, Owners' Meeting, the NFL announced it will play its 16-game schedule over 17 weeks in 1990 and 1991, and a 16-game schedule over 18 weeks in 1992 and 1993.

The 16-over-17 format provides each team one open weekend. The 16-over-18 format will provide each team two open weekends. Teams in groups of four by division, other than the NFL's four fifth-place finishers from the previous season, will be off on the same date. The four fifth-place teams also will be off on the same date. There will be 10 (out of 17) weeks in 1990 and 1991 when all 28 teams will be scheduled and four (out of 18) weeks in 1992 and 1993 when all 28 teams will play.

Each 1991 team schedule is based on a "common opponent" formula initiated for the 1978 season and most recently modified in 1987. Under the common opponent format, the first- through fourth-place teams in a division play at least 12 of their 16 games the following season against common opponents, and the fifth-place team in the division plays at least 10 common opponent games. It is not a position scheduling format in which the strong play the strong and the weak play the weak.

For years, the NFL had been seeking a more easily understood and balanced schedule that would provide both competitive equality and a variety of opponents. Under the old rotation scheduling system in effect from 1970-77, non-division opponents were determined by a pre-set formula. This often resulted in competitive imbalances.

With common opponents as the basis for scheduling, a more competitive and equitable method of determining division champions and postseason playoff representatives has developed. Teams battling for a division title are playing at least 75 percent of their games against common opponents.

In 1987, NFL owners passed two bylaw proposals designed to modify the common opponent scheduling format in the hopes of creating even more equity. The first concerns pairings with non-division opponents:

Prior Year's Finish in Division	Pairings in Non-Division Games Within Conference	Previous Pairings 1978-86
1	1-1-2-3	1-1-4-4
2	1-2-2-4	2-2-3-3
3	1-3-3-4	2-2-3-3
4	2-3-4-4	1-1-4-4

The second bylaw change further specified that: "site locations (for the non-division games listed above) will be assigned so that, where possible by formula, teams do not play a second consecutive regular-season home or road game with an opponent." The formula to determine 1991 site locations will be used on the final day of the 1990 season when the division finishes have been determined.

The NFL also has used the same philosophy in the determination of site locations for interconference games (AFC vs. NFC), avoiding a team playing two consecutive home or road games with an opponent, where possible by formula.

Under the common opponent format, schedules of any NFL team are figured according to one of the following three formulas. (The reference point for the figuring is the team's final division standing. Ties for a position in divisions are broken according to the tie-breaking procedures outlined on page 14. The chart on the following page is included for use as you go through each step.)

A. First- through fourth-place teams in a five-team division (AFC East, AFC West, NFC East, NFC Central).

1. Home-and-home round-robin within the division (8 games).
2. One game each with the first- through fourth-place teams in a division of the other conference (4 games). In 1991, the AFC East will play the NFC Central, the AFC Central will play the NFC East, and the AFC West will play the NFC West.
3. The first-place team plays the first-place teams in the other divisions within the conference plus a second- and third-place team within the conference. The second-place team plays the second-place teams in the other divisions within the conference plus a first- and fourth-place team within the conference. The third-place team plays the third-place teams in the other divisions within the conference plus a first- and fourth-place team within the conference. The fourth-place team plays the fourth-place teams in the other divisions within the conference plus a second- and third-place team within the conference (4 games).

This completes the 16-game schedule.

B. First- through fourth-place teams in a four-team division (AFC Central, NFC West).

1. Home-and-home round-robin within the division (6 games).
2. One game with each of the fifth-place teams in the conference (2 games).
3. The same procedure that is listed in step A2 (4 games).
4. The same procedure that is listed in step A3 (4 games).

This completes the 16-game schedule.

C. The fifth-place teams in a division (AFC East, AFC West, NFC East, NFC Central).

1. Home-and-home round-robin within the division (8 games).
2. One game with each team in the four-team division of the conference (4 games).
3. A home-and-home with the other fifth-place team in the conference (2 games).
4. One game each with the fifth-place teams in the other conference (2 games).

This completes the 16-game schedule.

The 1991 Opponent Breakdown chart on the following page does not include the round-robin games within the division. Those are automatically scheduled on a home-and-away basis.

NFL Passer Rating System

The NFL rates its forward passers for statistical purposes against a pre-fixed performance standard based on statistical achievements of all qualified pro passers since 1960. The system now being used replaced one that rated passers in relation to their position in a total group based on various criteria. The current system, which was adopted in 1973, removes inequities that existed in the former method and, at the same time, provides a means of comparing passing performances from one season to the next.

It is important to remember that the system is used to rate **passers,** not **quarterbacks.** Statistics do not reflect leadership, play-calling, and other intangible factors that go into making a successful professional quarterback. Four categories are used as a basis for compiling a rating:

—Percentage of touchdown passes per attempt
—Percentage of completions per attempt
—Percentage of interceptions per attempt
—Average yards gained per attempt

The base, or **average** standard, is 1.000. The bottom is .000. To earn a 2.000 rating, a passer must perform at exceptional levels, i.e., 70 percent in completions, 10 percent in touchdowns, 1.5 percent in interceptions, and 11 yards average gain per pass attempt. The **maximum** a passer can receive in any category is 2.375.

For example, to gain a 2.375 in completion percentage, a passer would have to complete 77.5 percent of his passes. The NFL record is 70.55 by Ken Anderson (Cincinnati, 1982). To gain 2.375 in percentage of interceptions, a passer would have to go the entire season without an interception. The 2.375 figure in average yards is 12.50, compared with the NFL record of 11.17 by Tommy O'Connell (Cleveland, 1957). To earn a 2.375 in percentage of touchdowns, a passer would have to achieve an 11.9. The record is 13.9 by Sid Luckman (Chicago, 1943).

In order to make the rating more understandable, the point rating is then converted into a scale of 100. For instance, if a passer completes 11 of 23 passes for 114 yards, with one touchdown and no interceptions, the four components would be:

—**Percentage of Completions**—11 of 23 is 47.8 percent. The point rating is 0.890.

—**Percentage of Touchdown Passes**—1 touchdown in 23 attempts works out to 4.3 percent for a rating of 0.860.

—**Percentage of Interceptions**—You can't do better than zero, so the passer receives a maximum rating of 2.375.

—**Average Yards Gained Per Attempt**—23 attempts divided into 114 yards equals 4.96 yards per attempt for a corresponding rating of 0.490.

The sum of the four components is 4.615, which converts to a rating of 76.9. In order for a passer to achieve 100, his points would have to total 6.000. In rare cases, where statistical performance has been superior, it is possible for a passer to go over 100. However, such an instance is rare. The leading passers each year were checked from 1932 when the NFL began keeping official statistics, and only 10 passers in history have scored over 100 in the year they led the league in passing. The most recent passer to lead the league and score over 100 was San Francisco quarterback Joe Montana, who achieved an NFL-record 112.4 rating in 1989.

Look for in 1990

Things that could happen in 1990

• **Eric Dickerson,** Indianapolis, starts the season with 11,226 yards rushing in seven NFL seasons, an average of 1,604 yards per season. He currently stands seventh on the all-time rushing list, but he's only 1,513 yards behind the number-two rusher on that list, Tony Dorsett.

• Dickerson could become the first player in NFL history to gain 1,000 yards rushing for eight consecutive seasons. He set the record of seven straight 1,000-yard rushing seasons in 1989.

• **Ottis Anderson,** New York Giants, starts 1990 in ninth place on the all-time list with 9,317 yards rushing. He needs 91 yards to pass Earl Campbell into eighth place, and needs 683 yards to become the eighth 10,000-yard rusher in NFL history.

• **Roger Craig,** San Francisco, has carried 1,545 times for 6,625 yards and 49 touchdowns. He needs 38 carries, 720 yards, and two touchdowns to break the 49ers' team records of 1,582 carries (held by Ken Willard), and 7,344 yards and 50 touchdowns (both held by Joe Perry).

• **James Brooks,** Cincinnati, has 4,872 yards rushing in six years with the team. He needs 550 yards to break the club record of 5,421 held by Pete Johnson.

• **Dalton Hilliard,** New Orleans, has scored 37 touchdowns in four seasons. He needs one more to break the team record he shares with Danny Abramowicz.

• **Dan Marino,** Miami, and **Joe Montana,** San Francisco, each have passed for 3,000 or more yards in six seasons, tying the NFL record set by Dan Fouts. Either Marino or Montana could become the first to have seven 3,000-yard seasons.

• Marino has had 16 games in his seven-year career in which he has thrown at least four touchdown passes. He is one short of the NFL record held by Johnny Unitas, who played for 18 seasons.

• Marino has thrown 220 touchdown passes, the eighth-highest total in NFL history. He needs 30 more to become only the fifth player with 250-or-more scoring passes; the others: Fran Tarkenton (342), Johnny Unitas (290), Sonny Jurgensen (255), and Dan Fouts (254).

• Montana starts 1990 with 2,593 completions, tied with Jim Hart for fifth on the all-time list. He needs 238 to move into third place past Hart, Ken Anderson (2,654), and John Unitas (2,830).

• Montana has gained 31,054 yards on 4,059 passes. He needs 495 yards and 433 passes to break the 49ers' club records of 31,548 and 4,491, both held by John Brodie.

• **Phil Simms,** New York Giants, who has thrown 156 touchdown passes, needs 18 to break Charlie Conerly's team record of 173.

• **Warren Moon,** Houston, has completed 1,339 passes for 18,300 yards in six years in the NFL. He needs 88 completions and 850 yards to break the Oilers' team records held by Dan Pastorini (1,426 completions) and George Blanda (19,149 yards).

• **Art Monk,** Washington, needs 38 receptions to become the third player in NFL history to amass 700 career receptions. Steve Largent had 819 catches, and Charlie Joiner had 750.

• **Roy Green,** Phoenix, has 469 career receptions for 7,699 yards. He needs 12 catches and 220 yards to break the franchise records in those categories (480 and 7,918), both held by Jackie Smith.

• **Henry Ellard,** Los Angeles Rams, starts 1990 with 345 receptions for 5,743 yards. He needs 56 receptions and 547 yards to break the Rams' team records of 400 receptions (held by Tom Fears) and 6,289 yards (held by Elroy (Crazylegs) Hirsch).

• **Mark Clayton,** Miami, has 64 career touchdowns and needs 12 to break the team record of 75 touchdowns held by Nat Moore.

• **Eric Martin,** New Orleans, has caught 269 passes in five seasons. He needs 41 receptions to break the Saints' team record of 309 established by Danny Abramowicz.

• **Dave Brown,** Green Bay, has 62 career interceptions, tied with Dick LeBeau for fifth place in NFL history. He needs three interceptions to tie Ken Riley for fourth place, and needs six to tie Dick (Night Train) Lane for third.

• **Gill Byrd,** San Diego, has 25 interceptions in seven seasons. He needs five to break the Chargers' team record of 29 held by Dick Harris.

• **Steve McMichael,** Chicago, has scored three safeties in his career, one shy of the NFL record of four shared by Ted Hendricks and Doug English.

• **Ron Brown,** L.A. Raiders, has scored four touchdowns on kickoff returns in his career. That total is two short of the NFL record of six, shared by Ollie Matson, Gale Sayers, and Travis Williams.

• **J.T. Smith,** Phoenix, has a career total of 264 punt returns. He is 18 shy of the NFL record set by Billy (White Shoes) Johnson.

• **Nick Lowery,** Kansas City, has scored at least 100 points in seven seasons, tying the total of Jan Stenerud. No NFL player has scored 100 points in eight seasons.

• **Jim Breech,** Cincinnati, has scored at least one point in 149 consecutive games. He needs three more games to break the NFL record of 151, established by Fred Cox.

• **Kevin Butler,** Chicago, has 108 field goals in five seasons. He needs 21 more to break the Bears' club record of 128 held by Bob Thomas.

• **Mike Webster,** Kansas City, has played in 236 NFL games, a total exceeded by only 10 players in NFL history. He needs three games to tie Charlie Joiner for tenth place on that list and is 14 games shy of the 250 mark, a plateau reached by only four players: George Blanda (340), Jim Marshall (282), Jan Stenerud (263), and Earl Morrall (255).

• **Don Shula,** Miami head coach, needs two victories to reach 200 victories since joining the team in 1970. Only three other coaches have had that many wins with one team: George Halas (319 with Chicago), Tom Landry (250 with Dallas), and Curly Lambeau (209 with Green Bay). Including his seven seasons as coach of Baltimore, Shula has a total of 269 wins, 50 shy of Halas's NFL record.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

Coaching Staff

Head Coach, Dan Reeves

Pro Career: Became ninth head coach in Broncos history on February 28, 1981, after spending entire pro career as both player and coach with Dallas Cowboys. Reeves's Broncos won the AFC Western Division title and AFC championship in 1986, 1987, and 1989, making Denver the only AFC team to reach three Super Bowls during the decade of the 1980s. Denver posted regular-season records of 11-5 (1986), 10-4-1 (1987), and 11-5 (1989) in those championship seasons. Reeves now has played or coached in eight Super Bowls, the most by any single participant in the NFL Championship Game. Led Denver to an 11-5 record in 1985, barely missing a playoff berth. Guided Broncos to AFC West championship with a 13-3 record in 1984, and a 9-7 mark and playoff berth in 1983. His teams were 10-6 in 1981 and 2-7 in 1982. He joined the Cowboys as a free agent running back in 1965 and became a member of the coaching staff in 1970 when he undertook the dual role of player-coach for two seasons. Was Cowboys offensive backfield coach in 1972 and from 1974-76, and became offensive coordinator in 1977. Was an all-purpose running back during his eight seasons as a player, rushing for 1,990 yards and catching 129 passes for 1,693. Career record: 91-55-1.

Background: Quarterback at South Carolina from 1962-64. He was inducted into the school's Hall of Fame in 1978.

Personal: Born January 19, 1944, Rome, Ga. Dan and his wife, Pam, live in Denver and have three children—Dana, Laura, and Lee.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

COACHING STAFF

Head Coach, Mike Ditka

Pro Career: Became tenth head coach of Bears on January 20, 1982, after serving nine years as an offensive assistant with Dallas. Led Bears to first Super Bowl title following 15-1 1985 season. Bears shut out New York Giants and Los Angeles Rams in playoffs before routing New England 46-10 in Super Bowl XX. Before a disappointing 6-10 finish in 1989, Ditka led the Bears to five consecutive NFC Central titles. Under his leadership, the Bears qualified for the postseason in five of his eight seasons and have advanced to the NFC Championship Game on three occasions. Ditka is a 28-year veteran of the NFL as both a player and coach. Had 12-year playing career as a tight end with Chicago (1961-66), Philadelphia (1967-68), and Dallas (1969-72). A first-round draft choice by Chicago in 1961, Ditka was NFL rookie of the year, all-NFL (1961-64), and played in five Pro Bowls (1962-66). He joined Cowboys coaching staff in 1973. In addition to working with Dallas special teams, Ditka coached Cowboys' receivers. During his NFL career, he has been in the playoffs 15 seasons and been a member of five NFC champions and three NFL champions. He became the first tight end to be inducted into the Pro Football Hall of Fame in July, 1988. Career record: 84-45.

Background: Played at Pittsburgh from 1958-60 and was a unanimous All-America his senior year. A two-way performer, he played both tight end and linebacker. He also was one of the nation's leading punters with a 40-plus-yard average over three years.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

COACHING STAFF

Head Coach, Wayne Fontes

Pro Career: Became Lions' seventeenth head coach on December 22, 1988, after serving five weeks as interim head coach. Fontes led the Lions to a 2-3 record during that span and to a 7-9 record in 1989, including five straight season-ending wins. He began his fourth season (1988) in Detroit as the team's defensive coordinator and secondary coach, following a nine-year stint with the Tampa Bay Buccaneers. A former defensive back with the New York Jets, Fontes advanced from secondary coach to defensive coordinator to assistant head coach of the Buccaneers during his years at Tampa Bay. As a player with the Jets, his brief pro career was cut short by a broken leg after two seasons (1963-64). However, his 83-yard interception return against Houston (12-15-63) did stand as the Jets' team record until it was broken last season by Erik McMillan's 93-yarder. Career record: 9-12.

Background: A former two-sport star (football and baseball) at Michigan State, Fontes earned all-Big Ten honors at defensive back for the Spartans. He earned his bachelor's degree in education and biological science and later earned his master's degree in administration, all from Michigan State. After directing the freshman team at Michigan State in 1965, Fontes became defensive backfield coach at Dayton in 1968. He also served in the same capacity at Iowa (1969-71) and Southern California (1972-75).

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

During that span, Ryan's club compiled a 21-11 regular-season record and captured the NFC Eastern Division title in 1988 with a 10-6 mark. Ryan was named head coach of the Eagles on January 29, 1986, after eight seasons as the defensive coordinator of the Chicago Bears. An NFL assistant coach for 18 years, Ryan has been on the staffs of three Super Bowl teams: Jets, 1968; Vikings, 1976; and Bears, 1985. The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

The term NFL Rookie is defined as a player who is in his first season of professional football and has not been on the roster of another professional football team for any regular-season or postseason games. A Rookie is designated by an "R" on NFL rosters. Players who have been active in another professional football league or players who have NFL experience, including either preseason training camp or being on an active roster for fewer than three regular-season or postseason games, are termed NFL First-Year Players. An NFL First-Year Player is designated by a "1" on NFL rosters. Thereafter, a player on an NFL active roster for at least three regular-season or postseason games is credited with an additional year of NFL playing experience.

Pittsburgh 26, Houston 23—at Astrodome, attendance 59,406. Gary Anderson kicked a 50-yard field goal 3:26 into overtime to cap the Steelers' 26-23 comeback win over the Oilers and earn Pittsburgh its first playoff victory since 1984. The Steelers, despite being outgained by Houston 380 to 289 total yards, led the game for more than three quarters. Rookie running back Tim Worley converted a fourth-and-one play into a nine-yard touchdown run and Anderson kicked field goals of 25, 30, and 48 yards for a 16-9 fourth-quarter lead. Houston's Warren Moon tied the score with an 18-yard touchdown pass to Ernest Givins and gave the Oilers their only lead, 23-16, when he found Givins on a nine-yard scoring pass with six minutes to play. Pittsburgh's Bubby Brister countered with an 82-yard, 11-play drive capped by Merril Hoge's one-yard touchdown plunge with 46 seconds remaining. Anderson's extra point tied the score and sent the game into overtime. The Steelers won the extra period coin toss but were forced to punt. Rod Woodson recovered Lorenzo White's fumble on the Oilers' first play in overtime to set up Anderson's decisive field goal. Hoge became the first Steelers player to gain 100 yards (17 carries for 100 yards) in a postseason game since Franco Harris in 1978. Moon completed 29 of 48 passes for 315 yards and two touchdowns, including 11 to Givins for 136 yards and both scores.

PRO FOOTBALL HALL OF FAME

The Professional Football Hall of Fame is located in Canton, Ohio, site of the organizational meeting on September 17, 1920, from which the National Football League evolved. The NFL recognized Canton as the Hall of Fame site on April 27, 1961. Canton area individuals, foundations, and companies donated almost $400,000 in cash and services to provide funds for the construction of the original two-building complex, which was dedicated on September 7, 1963. The original Hall of Fame complex was almost doubled in size with the completion of a $620,000 expansion project that was dedicated on May 10, 1971. A second expansion project was completed on November 20, 1978. It now features four exhibition areas and a theater twice the size of the original one.

The Hall represents the sport of pro football in many ways—through four large and colorful exhibition galleries, in the twin enshrinement halls, with numerous fan-participation electronic devices, a research library, and an NFL gift shop.

In recent years, the Pro Football Hall of Fame has become an extremely popular tourist attraction. At the end of 1989, a total of 4,653,883 fans had visited the Pro Football Hall of Fame.

New members of the Pro Football Hall of Fame are elected annually by a 30-member National Board of Selectors, made up of media representatives from every league city, one at-large representative, and the president of the Pro Football Writers of America. Between four and seven new members are elected each year. An affirmative vote of approximately 80 percent is needed for election.

Any fan may nominate any eligible player or contributor simply by writing to the Pro Football Hall of Fame. Players must be retired five years to be eligible, while a coach need only to be retired with no time limit specified. Contributors (administrators, owners, *et al.*) may be elected while they are still active.

The charter class of 17 enshrinees was elected in 1963 and the honor roll now stands at 155 with the election of a seven-man class in 1990. That class consists of Buck Buchanan, Bob Griese, Franco Harris, Ted Hendricks, Jack Lambert, Tom Landry, and Bob St. Clair.

1869 Rutgers and Princeton played a college soccer football game, the first ever, November 6. The game used modified London Football Association rules. During the next seven years, rugby gained favor with the major eastern schools over soccer, and modern football began to develop from rugby.

1876 At the Massasoit convention, the first rules for American football were written. Walter Camp, who would become known as "the father of American football," first became involved with the game.

1892 In an era in which football was a major attraction of local athletic clubs, an intense competition between two Pittsburgh-area clubs, the Allegheny Athletic Association (AAA) and the Pittsburgh Athletic Club (PAC), led to the making of the first professional football player. Former Yale All-America guard William (Pudge) Heffelfinger was paid $500 by the AAA to play in a game against the PAC, becoming the first person to be paid to play football, November 12. The AAA won the game 4-0 when Heffelfinger picked up a PAC fumble and ran 35 yards for a touchdown.

1893 The Pittsburgh Athletic Club signed one of its players, probably halfback Grant Dibert, to the first known pro football contract, which covered all of the PAC's games for the year.

1895 John Brallier became the first football player to openly turn pro, accepting $10 and expenses to play for the Latrobe YMCA against the Jeannette Athletic Club.

1896 The Allegheny Athletic Association team fielded the first completely professional team for its abbreviated two-game season.

1897 The Latrobe Athletic Association football team went entirely professional, becoming the first team to play a full season with only professionals.

1898 A touchdown was changed from four points to five.

1899 Chris O'Brien formed a neighborhood team, which played under the name the Morgan Athletic Club, on the south side of Chicago. The team later became known as the Normals, then the Racine (for a street in Chicago) Cardinals, the Chicago Cardinals, the St. Louis Cardinals, and, in 1988, the Phoenix Cardinals. The team remains the oldest continuing operation in pro football.

1900 William C. Temple took over the team payments for the Duquesne Country and Athletic Club, becoming the first known individual club owner.

1902 Baseball's Philadelphia Athletics, managed by Connie Mack, and the Philadelphia Phillies formed professional football teams, joining the Pittsburgh Stars in the first attempt at a pro football league, named the National Football League. The Athletics won the first night football game ever played, 39-0 over Kanaweola AC at Elmira, New York, November 21.

All three teams claimed the pro championship for the year, but the league president, Dave Berry, named the Stars the champions. Pitcher Rube Waddell was with the Athletics, and pitcher Christy Mathewson a fullback for Pittsburgh.

The first World Series of pro football, actually a five-team tournament, was played among a team made up of players from both the Athletics and the Phillies, but simply named "New York;" the New York Knickerbockers; the Syracuse AC; the Warlow AC; and the Orange (New Jersey) AC at New York's original Madison Square Garden. New York and Syracuse played the first indoor football game before 3,000, December 28. Syracuse, with Glen (Pop) Warner at guard, won 6-0 and went on to win the tournament.

1903 The Franklin (Pa.) Athletic Club won the second and last World Series of pro football over the Oreos AC of Asbury Park, New Jersey; the Watertown Red and Blacks; and the Orange AC.

Pro football was popularized in Ohio when the Massillon Tigers, a strong amateur team, hired four Pittsburgh pros to play in the season-ending game against Akron. At the same time, pro football declined in the Pittsburgh area, and the emphasis on the pro game moved west from Pennsylvania to Ohio.

1904 A field goal was changed from five points to four.

Ohio had at least seven pro teams, with Massillon winning the Ohio Independent Championship, that is, the pro title. Talk surfaced about forming a state-wide league to end spiraling salaries brought about by constant bidding for players and to write universal rules for the game. The feeble attempt to start the league failed.

Halfback Charles Follis signed a contract with the Shelby AC, making him the first-known black pro football player.

1905 The Canton AC, later to become known as the Bulldogs, became a professional team. Massillon again won the Ohio League championship.

1906 The forward pass was legalized. The first authenticated pass completion in a pro game came on October 27, when George (Peggy) Parratt of Massillon threw a completion to Dan (Bullet) Riley in a victory over a combined Benwood-Moundsville team.

Archrivals Canton and Massillon, the two best pro teams in America, played twice, with Canton winning the first game but Massillon winning the second and the Ohio League championship. A betting scandal and the financial disaster wrought upon the two clubs by paying huge salaries caused a temporary decline in interest in pro football in the two cities and, somewhat, through Ohio.

1909 A field goal dropped from four points to three.

1912 A touchdown was increased from five points to six.

Jack Cusack revived a strong pro team in Canton.

1913 Jim Thorpe, a former football and track star at the Carlisle Indian School (Pa.) and a double gold medal winner at the 1912 Olympics in Stockholm, played for the Pine Village Pros in Indiana.

1915 Massillon again fielded a major team, reviving the old rivalry with Canton. Cusack signed Thorpe to play for Canton for $250 a game.

1916 With Thorpe and former Carlisle teammate Pete Calac starring, Canton went 9-0-1, won the Ohio League championship, and was acclaimed the pro football champion.

1917 Despite an upset by Massillon, Canton again won the Ohio League championship.

1919 Canton again won the Ohio League championship, despite the team having been turned over from Cusack to Ralph Hay. Thorpe and Calac were joined in the backfield by Joe Guyon.

Earl (Curly) Lambeau and George Calhoun organized the Green Bay Packers. Lambeau's employer at the Indian Packing Company provided $500 for equipment and allowed the team to use the company field for practices. The Packers went 10-1.

1920 Pro football was in a state of confusion due to three major problems: dramatically rising salaries; players continually jumping from one team to another following the highest offer; and the use of college players still enrolled in school. A league in which all the members would follow the same rules seemed the answer. An organizational meeting, at which the Akron Pros, Canton Bulldogs, Cleveland Indians, and Dayton Triangles were represented, was held in Canton, Ohio, August 20. This meeting resulted in the formation of the American Professional Football Conference.

A second organizational meeting was held in Canton, September 17. The teams were from four states—Akron, Canton, Cleveland, and Dayton from Ohio; the Hammond Pros and Muncie Flyers from Indiana; the Rochester Jeffersons from New York; and the Rock Island Independents, Decatur Staleys, and Racine Cardinals from Illinois. The name of the league was changed to the American Professional Football Association. Hoping to capitalize on his fame, the members elected Thorpe president; Stanley Cofall of Cleveland was elected vice president. A membership fee of $100 per team was charged to give an appearance of respectability, but no team ever paid it. Scheduling was left up to the teams, and there was a wide variation both in the overall number of games played and in the number played against APFA member teams.

Four other teams—the Buffalo All-Americans, Chicago Tigers, Columbus Panhandles, and Detroit Heralds—joined the league sometime during the year. On September 26, the first game featuring an APFA team was played at Rock Island's Douglas Park. A crowd of 800 watched the Independents defeat the St. Paul Ideals 48-0. A week later, October 3, the first game matching two APFA teams was held. At Triangle Park, Dayton defeated Columbus 14-0, with Lou Partlow of Dayton scoring the first touchdown in a game between Association teams. The same day, Rock Island defeated Muncie 45-0.

By the beginning of December, most of the teams in the APFA had abandoned their hopes for a championship, and some of them, including the Chicago Tigers and the Detroit Heralds, had finished their seasons, disbanded, and had their franchises canceled by the Association. Four teams—Akron, Buffalo, Canton, and Decatur—still had championship aspirations, but a series of late-season games among them left Akron as the only undefeated team in the Association. At one of these games, Akron sold tackle Bob Nash to Buffalo for $300 and five percent of the gate receipts—the first APFA player deal.

1921 At the league meeting in Akron, April 30, the championship of the 1920 season was awarded to the Akron Pros. The APFA was reorganized, with Joe Carr of the Columbus Panhandles named president and Carl Storck of Dayton secretary-treasurer. Carr moved the Association's headquarters to Columbus, drafted a league constitution and by-laws, gave teams territorial rights, restricted player movements, developed membership criteria for the franchises, and issued standings for the first time, so that the APFA would have a clear champion.

The Association's membership increased to 22 teams, including the Green Bay Packers, who were awarded to John Clair of the Acme Packing Company.

Thorpe moved from Canton to the Cleveland Indians, but he was hurt early in the season and played very little.

A.E. Staley turned the Decatur Staleys over to player-coach George Halas, who moved the team to Cubs Park in Chicago. Staley paid Halas $5,000 to keep the name "Staleys" for one more year. Halas made halfback Ed (Dutch) Sternaman his partner.

The Staleys claimed the APFA championship with a 9-1-1 record, as did Buffalo at 9-1-2. Carr ruled in favor of the Staleys, giving Halas his first championship.

1922 After admitting the use of players who had college eligibility remaining during the 1921 season, Clair and the Green Bay management withdrew from the APFA, January 28. Curly Lambeau promised to obey league rules and then used $50 of his own money to buy back the franchise. Bad weather and low attendance plagued the Packers, and Lambeau went broke, but local merchants arranged a $2,500 loan for the club. A public non-profit corporation was set up to operate the team, with Lambeau as head coach and manager.

The American Professional Football Association changed its name to the National Football League, June 24. The Chicago Staleys became the Chicago Bears.

The NFL fielded 18 teams, including the new Oorang Indians of Marion, Ohio, an all-Indian team featuring Thorpe, Joe Guyon, and Pete Calac, and sponsored by the Oorang dog kennels.

Canton, led by player-coach Guy Chamberlin and tackles Link Lyman and Wilbur (Pete) Henry, emerged as the league's first true powerhouse, going 10-0-2.

1923 For the first time, all of the franchises considered to be part of the NFL fielded teams. Thorpe played first for Oorang, then for the Toledo Maroons. Against the Bears, Thorpe fumbled, and Halas picked up the ball and returned it 98 yards for a touchdown, a record that would last until 1972.

Canton had its second consecu-

tive undefeated season, going 11-0-1 for the NFL title.

1924 The league had 18 franchises, including new ones in Kansas City, Kenosha, and Frankford, a section of Philadelphia. League champion Canton, successful on the field but not at the box office, was purchased by the owner of the Cleveland franchise, who kept the Canton franchise inactive, while using the best players for his Cleveland team, which he renamed the Bulldogs. Cleveland won the title with a 7-1-1 record.

1925 Five new franchises were admitted to the NFL—the New York Giants, who were awarded to Tim Mara and Billy Gibson for $500; the Detroit Panthers, featuring Jimmy Conzelman as owner, coach, and tailback; the Providence Steam Roller; a new Canton Bulldogs team; and the Pottsville Maroons, who had been perhaps the most successful independent pro team. The NFL established its first player limit, at 16 players.

Late in the season, the NFL made its greatest coup in gaining national recognition. Shortly after the University of Illinois season ended in November, All-America halfback Harold (Red) Grange signed a contract to play with the Chicago Bears. On Thanksgiving Day, a crowd of 36,000—the largest in pro football history—watched Grange and the Bears play the Chicago Cardinals to a scoreless tie at Wrigley Field. At the beginning of December, the Bears left on a barnstorming tour that saw them play eight games in 12 days, in St. Louis, Philadelphia, New York City, Washington, Boston, Pittsburgh, Detroit, and Chicago. A crowd of 73,000 watched the game against the Giants at the Polo Grounds, helping assure the future of the troubled NFL franchise in New York. The Bears then played nine more games in the South and West, including a game in Los Angeles, in which 75,000 fans watched them defeat the Los Angeles Tigers in the Los Angeles Memorial Coliseum.

Pottsville and the Chicago Cardinals were the top contenders for the league title, with Pottsville winning a late-season meeting 21-7. Pottsville scheduled a game against a team of former Notre Dame players for Shibe Park in Philadelphia. Frankford lodged a protest not only because the game was in Frankford's "protected territory," but because it was being played the same day as a Yellow Jackets home game. Carr gave three different notices forbidding Pottsville to play the game, but Pottsville played anyway, December 12. That day, Carr fined the club, suspended it from all rights and privileges (including the right to play for the NFL championship), and returned its franchise to the league. The Cardinals, who ended the season with the best record in the league, were named the 1925 champions.

1926 Grange's manager, C.C. Pyle, told the Bears that Grange wouldn't play for them unless he was paid a five-figure salary and given one-third ownership of the team. The Bears refused. Pyle leased Yankee Stadium in New York City, then petitioned for an NFL franchise. After he was refused, he started the first American Football League. It lasted one season and included Grange's New York Yankees and eight other teams. The AFL champion Philadelphia Quakers played a December game against the New York Giants, seventh in the NFL, and the Giants won 31-0. At the end of the season, the AFL folded.

Halas pushed through a rule that prohibited any team from signing a player whose college class had not graduated.

The NFL grew to 22 teams, including the Duluth Eskimos, who signed All-America fullback Ernie Nevers of Stanford, giving the league a gate attraction to rival Grange. The 15-member Eskimos, dubbed the "Iron Men of the North," played 29 exhibition and league games, 28 on the road, and Nevers played in all but 29 minutes of them.

Frankford edged the Bears for the championship, despite Halas having obtained John (Paddy) Driscoll from the Cardinals. On December 4, the Yellow Jackets scored in the final two minutes to defeat the Bears 7-6 and move ahead of them in the standings.

1927 At a special meeting in Cleveland, April 23, Carr decided to secure the NFL's future by eliminating the financially weaker teams and consolidating the quality players onto a limited number of more successful teams. The new-look NFL dropped to 12 teams, and the center of gravity of the league left the Midwest, where the NFL had started, and began to emerge in the large cities of the East. One of the new teams was Grange's New York Yankees, but Grange suffered a knee injury and the Yankees finished in the middle of the pack. The NFL championship was won by the cross-town rival New York Giants, who posted 10 shutouts in 13 games.

1928 Grange and Nevers both retired from pro football, and Duluth disbanded, as the NFL was reduced to only 10 teams. The Providence Steam Roller of Jimmy Conzelman and Pearce Johnson won the championship, playing in the Cycledrome, a 10,000-seat oval that had been built for bicycle races.

1929 Chris O'Brien sold the Chicago Cardinals to David Jones, July 27.

The NFL added a fourth official, the field judge, July 28.

Grange and Nevers returned to the NFL. Nevers scored six rushing touchdowns and four extra points as the Cardinals beat Grange's Bears 40-6, November 28. The 40 points set a record that remains the NFL's oldest.

Providence became the first NFL team to host a game at night under floodlights, against the Cardinals, November 3.

The Packers added back Johnny Blood (McNally), tackle Cal Hubbard, and guard Mike Michalske, and won their first NFL championship, edging the Giants, who featured quarterback Benny Friedman.

1930 Dayton, the last of the NFL's original franchises, was purchased by John Dwyer, moved to Brooklyn, and renamed the Dodgers. The Portsmouth, Ohio, Spartans entered the league.

The Packers edged the Giants for the title, but the most improved team was the Bears. Halas retired as a player and replaced himself as coach of the Bears with Ralph Jones, who refined the T-formation by introducing wide ends and a halfback in motion. Jones also introduced rookie All-America fullback-tackle Bronko Nagurski.

The Giants defeated a team of former Notre Dame players coached by Knute Rockne 22-0 before 55,000 at the Polo Grounds, December 14. The proceeds went to the New York Unemployment Fund to help those suffering because of the Great Depression, and the easy victory helped give the NFL credibility with the press and the public.

1931 The NFL decreased to 10 teams, and halfway through the season the Frankford franchise folded. Carr fined the Bears, Packers, and Portsmouth $1,000 each for using players whose college classes had not graduated.

The Packers won an unprecedented third consecutive title, beating out the Spartans, who were led by rookie backs Earl (Dutch) Clark and Glenn Presnell.

1932 George Preston Marshall, Vincent Bendix, Jay O'Brien, and M. Dorland Doyle were awarded a franchise for Boston, July 9. Despite the presence of two rookies—halfback Cliff Battles and tackle Glen (Turk) Edwards—the new team, named the Braves, lost money and Marshall was left as the sole owner at the end of the year.

NFL membership dropped to eight teams, the lowest in history. Official statistics were kept for the first time. The Bears and the Spartans finished the season in the first-ever tie for first place. After the season finale, the league office arranged for the first playoff game in NFL history. The game was moved indoors to Chicago Stadium because of bitter cold and heavy snow. The arena allowed only an 80-yard field that came right to the walls. The goal posts were moved from the end lines to the goal lines and, for safety, inbounds lines or hashmarks where the ball would be put in play were drawn 10 yards from the walls that butted against the sidelines. The Bears won 9-0, December 18, scoring the winning touchdown on a two-yard pass from Nagurski to Grange. The Spartans claimed Nagurski's pass was thrown from less than five yards behind the line of scrimmage, violating the existing passing rule, but the play stood.

1933 The NFL, which long had followed the rules of college football, made a number of significant changes from the college game for the first time and began to independently develop rules serving its needs and the style of play it preferred. The innovations from the 1932 championship game—inbounds line or hashmarks and goal posts on the goal lines—were adopted. Also the forward pass was legalized from anywhere behind the line of scrimmage, February 25.

Marshall and Halas pushed through a proposal that divided the NFL into two divisions, with the winners to meet in an annual championship game, July 8.

Three new franchises joined the league—the Pittsburgh Pirates of Art Rooney, the Philadelphia Eagles of Bert Bell and Lud Wray, and the Cincinnati Reds. The Staten Island Stapletons suspended operations for a year, but never returned to the league.

Halas bought out Sternaman, became sole owner of the Bears, and reinstated himself as head coach. Marshall changed the name of the Boston Braves to the Redskins. David Jones sold the Chicago Cardinals to Charles W. Bidwill.

In the first NFL Championship Game scheduled before the season, the Western Division champion Bears defeated the Eastern Division champion Giants 23-21 at Wrigley Field, December 17.

1934 G.A. (Dick) Richards purchased the Portsmouth Spartans, moved them to Detroit, and renamed them the Lions.

SAN FRANCISCO 55, DENVER 10—NFC titlist San Francisco won its fourth Super Bowl championship with a 55-10 victory over AFC champion Denver. The 49ers, who also won Super Bowls XVI, XIX, and XXIII, tied the Pittsburgh Steelers for most Super Bowl victories. The Steelers captured Super Bowls IX, X, XIII, and XIV. San Francisco's 55 points broke the previous Super Bowl scoring mark of 46 points by Chicago in Super Bowl XX. San Francisco scored touchdowns on four of its six first-half possessons to hold a 27-3 lead at halftime. The 49ers' first half scoring drives were lengthy and time-consuming (10 plays for 66 yards, 10 for 54, 14 for 69, and 5 for 59). Interceptions by Michael Walter and Chet Brooks ended the Broncos' first two possessions of the second half. San Francisco quarterback Joe Montana was named the Super Bowl most valuable player for a record third time. Montana completed 22 of 29 passes for 297 yards and a Super Bowl-record five touchdowns (old record: four, Terry Bradshaw, Pittsburgh, Super Bowl XIII, and Doug Williams, Washington, Super Bowl XXII). Jerry Rice, Super Bowl XXIII most valuable player, caught seven passes for 148 yards and three touchdowns. The 49ers' domination included first downs (28 to 12), net yards (461 to 167), and time of possession (39:31 to 20:29).

SAN FRANCISCO 20, CINCINNATI 16—NFC champion San Francisco captured its third Super Bowl of the 1980s by defeating AFC champion Cincinnati 20-16. The 49ers, who also won Super Bowls XVI and XIX, are the first NFC team to win three Super Bowls. Pittsburgh with four Super Bowl titles (IX, X, XIII, and XIV) and the Oakland/Los Angeles Raiders with three (XI, XV, and XVIII) lead AFC franchises. Even though San Francisco held an advantage in total net yards (453 to 229), the 49ers found themselves trailing the Bengals late in the game. With the score tied 13-13, Cincinnati took a 16-13 lead on Jim Breech's 40-yard field goal with 3:20 remaining. It was Breech's third field goal of the day and came after successful earlier attempts of 34 and 43 yards. The 49ers started their winning drive at their own 8-yard line. Over the next 11 plays, San Francisco covered 92 yards with the decisive score coming on a 10-yard pass from quarterback Joe Montana to wide receiver John Taylor with 34 seconds remaining. At halftime, the score was 3-3, which represented the first time in Super Bowl history the score was tied at intermission. After the teams traded third-period field goals, the Bengals jumped ahead 13-6 on Stanford Jennings's 93-yard kickoff return for a touchdown with 34 seconds remaining in the quarter. The 49ers didn't waste any time coming back as they covered 85 yards in four plays, concluding with Montana's 14-yard scoring pass to Rice 57 seconds into the final stanza. Rice was named the game's most valuable player after compiling 11 catches for a Super Bowl record 215 yards. Montana completed 23 of 36 passes for a Super Bowl record 357 yards and two touchdowns.

WASHINGTON 42, DENVER 10—NFC champion Washington won Super Bowl XXII and its second NFL championship of the 1980s with a 42-10 decision over AFC champion Denver. The Redskins, who also won Super Bowl XVII, enjoyed a record-setting second quarter en route to the victory. The Broncos broke in front 10-0 when quarterback John Elway threw a 56-yard touchdown pass to wide receiver Ricky Nattiel on the Broncos' first play from scrimmage. Following a Washington punt, Denver's Rich Karlis kicked a 24-yard field goal to cap a six-play, 61-yard scoring drive. The Redskins then erupted for 35 points on five straight possessions in the second period and coasted thereafter. The 35 points established an NFL postseason mark for most points scored in a period, bettering the previous total of 21 by San Francisco in Super Bowl XIX and Chicago in Super Bowl XX. Redskins quarterback Doug Williams led the second-period explosion by throwing a Super Bowl record-tying four touchdown passes, including 80- and 50-yarders to wide receiver Ricky Sanders, a 27-yarder to wide receiver Gary Clark, and an 8-yarder to tight end Clint Didier. Washington scored five touchdowns in 18 plays with total time of possession of only 5:47. Overall, Williams completed 18 of 29 passes for 340 yards and was named the game's most valuable player. His pass-yardage total eclipsed the previous Super Bowl record of 331 yards by Joe Montana of San Francisco in Super Bowl XIX. Sanders ended with 193 yards on eight catches, breaking the previous Super Bowl yardage record of 161 yards by Lynn Swann of Pittsburgh in Game X. Rookie running back Timmy Smith was the game's leading rusher with 22 carries for a Super Bowl record 204 yards, breaking the previous mark of 191 yards by Marcus Allen of the Raiders in Game XVIII. Smith also scored twice on runs of 58 and 4 yards. Washington's six touchdowns and 602 total yards gained also set Super Bowl records. Redskins cornerback Barry Wilburn had two of the team's three interceptions, and strong safety Alvin Walton had two of Washington's five sacks.

NEW YORK GIANTS 39, DENVER 20—The NFC champion New York Giants captured their first NFL title since 1956 when they downed the AFC champion Denver Broncos, 39-20, in Super Bowl XXI. The victory marked the NFC's fifth NFL title in the past six seasons. The Broncos, behind the passing of quarterback John Elway, who was 13 of 20 for 187 yards in the first half, held a 10-9 lead at intermission, the narrowest halftime margin in Super Bowl history. Den-

ver's Rich Karlis opened the scoring with a Super Bowl record-tying 48-yard field goal. New York drove 78 yards in nine plays on the next series to take a 7-3 lead on quarterback Phil Simms's six-yard touchdown pass to tight end Zeke Mowatt. The Broncos came right back with a 58-yard scoring drive on six plays capped by Elway's four-yard touchdown run. The only scoring in the second period was the sack of Elway in the end zone by defensive end George Martin for a New York safety. The Giants produced a key defensive stand early in the second quarter when the Broncos had a first down at the New York one-yard line, but failed to score on three running plays and Karlis's 23-yard missed field-goal attempt. The Giants took command of the game in the third period en route to a 30-point second half, the most ever scored in one half of Super Bowl play. New York took the lead for good on tight end Mark Bavaro's 13-yard touchdown catch 4:52 into the third period. The nine-play, 63-yard scoring drive included the successful conversion of a fourth down and one play on the New York 46-yard line. Denver was limited to only two net yards on seven offensive plays in the third period. Simms set Super Bowl records for most consecutive completions (10) and highest completion percentage (88 percent on 22 completions in 25 attempts). He also passed for 268 yards and three touchdowns and was named the game's most valuable player. New York running back Joe Morris was the game's leading rusher with 20 carries for 67 yards. Denver wide receiver Vance Johnson led all receivers with five catches for 121 yards. The Giants defeated their three playoff opponents by a cumulative total of 82 points (New York 105, opponents 23), the largest such margin by a Super Bowl winner.

Super Bowl XX

Attendance: 73,818

CHICAGO 46, NEW ENGLAND 10—The NFC champion Chicago Bears, seeking their first NFL title since 1963, scored a Super Bowl-record 46 points in downing AFC champion New England 46-10 in Super Bowl XX. The previous record for most points in a Super Bowl was 38, shared by San Francisco in XIX and the Los Angeles Raiders in XVIII. The Bears' league-leading defense tied the Super Bowl record for sacks (7) and limited the Patriots to a record-low seven yards rushing. New England took the quickest lead in Super Bowl history when Tony Franklin kicked a 36-yard field goal with 1:19 elapsed in the first period. The score came about because of Larry McGrew's fumble recovery at the Chicago 19-yard line. However, the Bears rebounded for a 23-3 first-half lead, while building a yardage advantage of 237 total yards to New England's minus 19. Running back Matt Suhey rushed eight times for 37 yards, including an 11-yard touchdown run, and caught one pass for 24 yards in the first half. After the Patriots first drive of the second half ended with a punt to the Bears' 4-yard line, Chicago marched 96 yards in nine plays with quarterback Jim McMahon's one-yard scoring run capping the drive. McMahon became the first quarterback in Super Bowl history to rush for a pair of touchdowns. The Bears completed their scoring via a 28-yard interception return by reserve cornerback Reggie Phillips, a one-yard run by defensive tackle/fullback William Perry, and a safety when defensive end Henry Waechter tackled Patriots quarterback Steve Grogan in the end zone. Bears defensive end Richard Dent became the fourth defender to be named the game's most valuable player after contributing 1½ sacks. The Bears' victory margin of 36 points was the largest in Super Bowl history, bettering the previous mark of 29 by the Los Angeles Raiders when they topped Washington 38-9 in Game XVIII. McMahon completed 12 of 20 passes for 256 yards before leaving the game in the fourth period with a wrist injury. The NFL's all-time leading rusher, Bears running back Walter Payton, carried 22 times for 61 yards. Wide receiver Willie Gault caught four passes for 129 yards, the fourth-most receiving yards in a Super Bowl. Chicago coach Mike Ditka became the second man (Tom Flores of Raiders was the other) who played in a Super Bowl and coached a team to a victory in the game.

SAN FRANCISCO 38, MIAMI 16—The San Francisco 49ers captured their second Super Bowl title with a dominating offense and a defense that tamed Miami's explosive passing attack. The Dolphins held a 10-7 lead at the end of the first period, which represented the most points scored by two teams in an opening quarter of a Super Bowl. However, the 49ers used excellent field position in the second period to build a 28-16 halftime lead. Running back Roger Craig set a Super Bowl record by scoring three touchdowns on pass receptions of 8 and 16 yards and a run of 2 yards. San Francisco's Joe Montana was voted the game's most valuable player. He joined Green Bay's Bart Starr and Pittsburgh's Terry Bradshaw as the only two-time Super Bowl most valuable players. Montana completed 24 of 35 passes for a Super Bowl-record 331 yards and three touchdowns, and rushed five times for 59 yards, including a six-yard touchdown. Craig had 58 yards on 15 carries and caught seven passes for 77 yards. Wendell Tyler rushed 13 times for 65 yards and had four catches for 70 yards. Dwight Clark had six receptions for 77 yards, while Russ Francis had five for 60. San Francisco's 537 total net yards bettered the previous Super Bowl record of 429 yards by Oakland in Super Bowl XI. The 49ers also held a time of possession advantage over the Dolphins of 37:11 to 22:49.

LOS ANGELES RAIDERS 38, WASHINGTON 9—The Los Angeles Raiders dominated the Washington Redskins from the beginning in Super Bowl XVIII and achieved the most lopsided victory in Super Bowl history, surpassing Green Bay's 35-10 win over Kansas City in Super Bowl I. The Raiders took a 7-0 lead 4:52 into the game when Derrick Jensen blocked a Jeff Hayes punt and recovered it in the end zone for a touchdown. With 9:14 remaining in the first half, Raiders quarterback Jim Plunkett threw a 12-yard touchdown pass to wide receiver Cliff Branch to complete a three-play, 65-yard drive. Washington cut the Raiders' lead to 14-3 on a 24-yard field goal by Mark Moseley. With seven seconds left in the first half, Raiders linebacker Jack Squirek intercepted a Joe Theismann pass at the Redskins' 5-yard line and ran it in for a touchdown to give Los Angeles a 21-3 halftime lead. In the third period, running back Marcus Allen, who rushed for a Super Bowl record 191 yards on 20 carries, increased the Raiders' lead to 35-9 on touchdown runs of 5 and 74 yards, the latter erasing the previous Super Bowl record of 58 yards set by Baltimore's Tom Matte in Game III. Allen was named the game's most valuable player. The victory over Washington raised Raiders coach Tom Flores' playoff record to 8-1, including a 27-10 win against Philadelphia in Super Bowl XV. The 38 points scored by the Raiders was the highest total by a Super Bowl team. The previous high was 35 points by Green Bay in Game I and Pittsburgh in Game XIII.

WASHINGTON 27, MIAMI 17—Fullback John Riggins's Super Bowl record 166 yards on 38 carries sparked Washington to a 27-17 victory over AFC champion Miami. It was Riggins's fourth straight 100-yard rushing game during the playoffs, also a record. The win marked Washington's first NFL title since 1942, and was only the second time in Super Bowl history NFC teams scored consecutive victories (Green Bay did it in Super Bowls I and II and San Francisco won Super Bowl XVI). The Redskins, under second-year head coach Joe Gibbs, used a balanced offense that accounted for 400 total yards (a Super Bowl record 276 yards rushing and 124 passing), second in Super Bowl history to 429 yards by Oakland in Super Bowl XI. The Dolphins built a 17-10 halftime lead on a 76-yard touchdown pass from quarterback David Woodley to wide receiver Jimmy Cefalo 6:49 into the first period, a 20-yard field goal by Uwe von Schamann with 6:00 left in the half, and a Super Bowl record 98-yard kickoff return by Fulton Walker with 1:38 remaining. Washington had tied the score at 10-10 with 1:51 left on a four-yard touchdown pass from Joe Theismann to wide re-

ceiver Alvin Garrett. Mark Moseley started the Redskins' scoring with a 31-yard field goal early in the second period, and added a 20-yarder midway through the third period to cut the Dolphins' lead to 17-13. Riggins, who was voted the game's most valuable player, gave Washington its first lead of the game with 10:01 left when he ran 43 yards off left tackle for a touchdown on a fourth-and-one situation. Wide receiver Charlie Brown caught a six-yard scoring pass from Theismann with 1:55 left to complete the scoring. The Dolphins managed only 176 yards (142 in first half). Theismann completed 15 of 23 passes for 143 yards, two touchdowns, and had two interceptions. For Miami, Woodley was 4 of 14 for 97 yards, with one touchdown, and one interception. Don Strock was 0 for 3 in relief.

SAN FRANCISCO 26, CINCINNATI 21—Ray Wersching's Super Bowl record-tying four field goals and Joe Montana's controlled passing helped lift the San Francisco 49ers to their first NFL championship with a 26-21 victory over Cincinnati. The 49ers built a game-record 20-0 halftime lead via Montana's one-yard touchdown run, which capped an 11-play, 68-yard drive; fullback Earl Cooper's 11-yard scoring pass from Montana, which climaxed a Super Bowl record 92-yard drive on 12 plays; and Wersching's 22- and 26-yard field goals. The Bengals rebounded in the second half, closing the gap to 20-14 on quarterback Ken Anderson's five-yard run and Dan Ross's four-yard reception from Anderson, who established Super Bowl passing records for completions (25) and completion percentage (73.5 percent on 25 of 34). Wersching added early fourth-period field goals of 40 and 23 yards to increase the 49ers' lead to 26-14. The Bengals managed to score on an Anderson-to-Ross three-yard pass with only 16 seconds remaining. Ross set a Super Bowl record with 11 receptions for 104 yards. Montana, the game's most valuable player, completed 14 of 22 passes for 157 yards. Cincinnati compiled 356 yards to San Francisco's 275, which marked the first time in Super Bowl history that the team that gained the most yards from scrimmage lost the game.

OAKLAND 27, PHILADELPHIA 10—Jim Plunkett threw three touchdown passes, including an 80-yarder to Kenny King, as the Raiders became the first wild card team to win the Super Bowl. Plunkett's touchdown bomb to King—the longest play in Super Bowl history—gave Oakland a decisive 14-0 lead with nine seconds left in the first period. Linebacker Rod Martin had set up Oakland's first touchdown, a two-yard reception by Cliff Branch, with a 17-yard interception return to the Eagles' 30 yard line. The Eagles never recovered from that early deficit, managing only a Tony Franklin field goal (30 yards) and an eight-yard touchdown pass from Ron Jaworski to Keith Krepfle the rest of the game. Plunkett, who became a starter in the sixth game of the season, completed 13 of 21 for 261 yards and was named the game's most valuable player. Oakland won 9 of 11 games with Plunkett starting, but that was good enough only for second place in the AFC West, although they tied division winner San Diego with an 11-5 record. The Raiders, who had previously won Super Bowl XI over Minnesota, had to win three playoff games to get to the championship game. Oakland defeated Houston 27-7 at home followed by road victories over Cleveland, 14-12 and San Diego, 34-27. Oakland's Mark van Eeghen was the game's leading rusher with 75 yards on 18 carries. Philadelphia's Wilbert Montgomery led all receivers with six receptions for 91 yards. Branch had five for 67 and Harold Carmichael of Philadelphia five for 83. Martin finished the game with three interceptions, a Super Bowl record.

PITTSBURGH 31, LOS ANGELES 19—Terry Bradshaw completed 14 of 21 passes for 309 yards and set two passing records as the Steelers became the first team to win four Super Bowls. Despite three interceptions by the Rams, Bradshaw kept his poise and brought the Steelers from behind twice in the second half. Trailing 13-10 at halftime, Pittsburgh went ahead 17-13 when Bradshaw hit Lynn Swann with a 47-yard touchdown pass after 2:48 of the third quarter. On the Rams' next possession Vince Ferragamo, who completed 15 of 25 passes for 212 yards, responded with a 50-yard pass to Billy Waddy that moved Los Angeles from its own 26 to the Steelers' 24. On the following play, Lawrence McCutcheon connected with Ron Smith on a halfback option pass that gave the Rams a 19-17 lead. On Pittsburgh's initial possession of the final period, Bradshaw lofted a 73-yard scoring pass to John Stallworth to put the Steelers in front to stay, 24-19. Franco Harris scored on a one-yard run later in the quarter to seal the verdict. A 45-yard pass from Bradshaw to Stallworth was the key play in the drive to Harris's score. Bradshaw, the game's most valuable player for the second straight year, set career Super Bowl records for most touchdown passes (nine) and most passing yards (932). Larry Anderson gave the Steelers excellent field position throughout the game with five kickoff returns for a record 162 yards.

PITTSBURGH 35, DALLAS 31—Terry Bradshaw threw a record four touchdown passes to lead the Steelers to victory. The Steelers became the first team to win three Super Bowls, mostly because of Bradshaw's accurate arm. Bradshaw, voted the game's most valuable player, completed 17 of 30 passes for 318 yards, a personal high. Four of those passes went for touchdowns—two to John Stallworth and the third, with 26 seconds remaining in the second period, to Rocky Bleier for a 21-14 halftime lead. The Cowboys scored twice before intermission on Roger Staubach's 39-yard pass to Tony Hill and a 37-yard fumble return by linebacker Mike Hegman, who stole the ball from Bradshaw. The Steelers broke open the contest with two touchdowns in a span of 19 seconds midway through the final period. Franco Harris rambled 22 yards up the middle to give the Steelers a 28-17 lead with 7:10 left. Pittsburgh got the ball right back when Randy White fumbled the kickoff and Dennis Winston recovered for the Steelers. On first down, Bradshaw fired his fourth touchdown pass, an 18-yarder to Lynn Swann to boost the Steelers' lead to 35-17 with 6:51 to play. The Cowboys refused to let the Steelers run away with the contest. Staubach connected with Billy Joe DuPree on a seven-yard scoring pass with 2:27 left. Then the Cowboys recovered an onside kick and Staubach took them in for another score, passing four yards to Butch Johnson with 22 seconds remaining. Bleier recovered another onside kick left to seal the victory for the Steelers.

Dallas converted two interceptions into 10 points and Efren Herrera added a 43-yard field goal for a 13-0 halftime advantage. In the third period Craig Morton engineered a drive to the Cowboys' 30 and Jim Turner's 47-yard field goal made the score 13-3. After an exchange of punts, Butch Johnson made a spectacular diving catch in the end zone to complete a 45-yard pass from Roger Staubach and put the Cowboys ahead 20-3. Following Rick Upchurch's 67-yard kickoff return, Norris Weese guided the Broncos to a touchdown to cut the Dallas lead to 20-10. OAKLAND 32, MINNESOTA 14—The Raiders won their first NFL championship before a record Super Bowl crowd plus 81 million television viewers, the largest audience ever to watch a sporting event. The Raiders gained a record-breaking 429 yards, including running back Clarence Davis's 137 yards rushing. Wide receiver Fred Biletnikoff made four key receptions, which earned him the game's most valuable player trophy. Oakland scored on three successive possessions in the second quarter to build a 16-0 halftime lead. Errol Mann's 24-yard field goal opened the scoring, then the AFC champions put together drives of 64 and 35 yards, scoring on a one-yard pass from Ken Stabler to Dave Casper and a one-yard run by Pete Banaszak. The Raiders increased their lead to 19-0 on a 40-yard field goal in the third quarter, but Minnesota responded with a 12-play, 68-yard drive late in the period, with Fran Tarkenton passing eight yards to wide receiver Sammy White to cut the deficit to 19-7. Two fourth-quarter interceptions clinched the title for the Raiders. PITTSBURGH 21, DALLAS 17—The Steelers won the Super Bowl for the second year in a row on Terry Bradshaw's 64-yard touchdown pass to Lynn Swann and an aggressive defense that snuffed out a late rally by the Cowboys with an end-zone interception on the final play of the game. In the fourth quarter, Pittsburgh ran on fourth down and gave up the ball on the Cowboys' 39 with 1:22 to play. Roger Staubach ran and passed for two first downs but his last desperation pass was picked off by Glen Edwards. Dallas's scoring was the result of two touchdown passes by Staubach, one to Drew Pearson for 29 yards and the other to Percy Howard for 34 yards. Toni Fritsch had a 36-yard field goal. The Steelers scored on two touchdown passes by Bradshaw, one to Randy Grossman for seven yards and the long bomb to Swann. Roy Gerela had 36- and 18-yard field goals. PITTSBURGH 16, MINNESOTA 6—AFC champion Pittsburgh, in its initial Super Bowl appearance, and NFC champion Minnesota, making a third bid for its first Super Bowl title, struggled through a first half in which the only score was produced by the Steelers' defense when Dwight White downed Vikings' quarterback Fran Tarkenton in the end zone for a safety 7:49 into the second period. The Steelers forced another break and took advantage on the second half kickoff when Minnesota's Bill Brown fumbled and Marv Kellum recovered for Pittsburgh on the Vikings' 30. After Rocky Bleier failed to gain on first down, Franco Harris carried three consecutive times for 24 yards, a loss of 3, and a nine-yard touchdown and a 9-0 lead. Though its offense was completely stymied by Pittsburgh's defense, Minnesota managed to move into a threatening position after 4:27 of the final period when Matt Blair blocked Bobby Walden's punt and Terry Brown recovered the ball in the end zone for a touchdown. Fred Cox's kick failed and the Steelers led 9-6. Pittsburgh wasted no time putting the victory away. The Steelers took the ensuing kickoff and marched 66 yards in 11 plays, climaxed by Terry Bradshaw's four-yard scoring pass to Larry Brown with 3:31 left. Pittsburgh's defense permitted Minnesota only 119 yards total offense, including a Super Bowl low of 17 yards rushing. The Steelers, meanwhile, gained 333 yards, including Harris's record 158 yards on 34 carries.

MIAMI 24, MINNESOTA 7—The defending NFL champion Dolphins, representing the AFC for the third straight year, scored the first two times they had possession on marches of 62 and 56 yards in the first period while the Miami defense limited the Vikings to only six plays. Larry Csonka climaxed the initial 10-play drive with a five-yard touchdown bolt through right guard after 5:27 had elapsed. Four plays later, Miami began another 10-play scoring drive, which ended with Jim Kiick bursting one yard through the middle for another touchdown after 13:38 of the period. Garo Yepremian added a 28-yard field goal midway in the second period for a 17-0 Miami lead. Minnesota then drove from its 20 to a second-and-two situation on the Miami 7 yard line with 1:18 left in the half. But on two plays, Miami limited Oscar Reed to one yard. On fourth-and-one from the 6, Reed went over right tackle, but Dolphins middle linebacker Nick Buoniconti jarred the ball loose and Jake Scott recovered for Miami to halt the Minnesota threat. The Vikings were unable to muster enough offense in the second half to threaten the Dolphins. Csonka rushed 33 times for a Super Bowl record 145 yards. MIAMI 14, WASHINGTON 7—The Dolphins played virtually perfect football in the first half as their defense permitted the Redskins to cross midfield only once and their offense turned good field position into two touchdowns. On its third possession, Miami opened its first scoring drive from the Dolphins' 37 yard line. An 18-yard pass from Bob Griese to Paul Warfield preceded by three plays Griese's 28-yard touchdown pass to Howard Twilley. After Washington moved from its 17 to the Miami 48 with two minutes remaining in the first half, Dolphins linebacker Nick Buoniconti intercepted a Billy Kilmer pass at the Miami 41 and returned it to the Washington 27. Jim Kiick ran for three yards, Larry Csonka for three, Griese passed to Jim Mandich for 19, and Kiick gained one to the 1 yard line. With 18 seconds left until intermission, Kiick scored from the 1. Washington's only touchdown came with 2:07 left in the game and resulted from a blocked field goal attempt and fumble by Garo Yepremian, with the Redskins' Mike Bass picking the ball out of the air and running 49 yards for the score. Jake Scott, who had two interceptions, including one three yards into the end zone that he returned 55 yards, was voted the game's most valuable player.

BALTIMORE 16, DALLAS 13—A 32-yard field goal by first-year kicker Jim O'Brien brought the Baltimore Colts a victory over the Dallas Cowboys in the final five seconds of Super Bowl V. The game between the champions of the AFC and NFC was played on artificial turf for the first time. Dallas led 13-6 at the half but interceptions by Rick Volk and Mike Curtis set up a Baltimore touchdown and O'Brien's decisive kick in the fourth period. Earl Morrall relieved an injured Johnny Unitas late in the first half, although Unitas completed the Colts' only scoring pass. It caromed off receiver Eddie Hinton's fingertips, off Dallas defensive back Mel Renfro, and finally settled into the grasp of John Mackey, who went 45 yards to score on a 75-yard play.

KANSAS CITY 23, MINNESOTA 7—The AFL squared the Super Bowl at two games apiece with the NFL, building a 16-0 halftime lead behind Len Dawson's superb quarterbacking and a powerful defense. Dawson, the fourth consecutive quarterback to be chosen the Super Bowl's top player, called an almost flawless game, completing 12 of 17 passes and hitting Otis Taylor on a 46-yard play for the final Chiefs touchdown. The Kansas City defense limited Minnesota's strong rushing game to 67 yards and had three interceptions and two fumble recoveries. The crowd of 80,562 set a Super Bowl record, as did the gross receipts of $3,817,872.69.

NEW YORK JETS 16, BALTIMORE 7—Jets quarterback Joe Namath "guaranteed" victory on the Thursday before the game, then went out and led the AFL to its first Super Bowl victory over a Baltimore team that had lost only once in 16 games all season. Namath, chosen the outstanding player, completed 17 of 28 passes for 206 yards and directed a steady attack that dominated the NFL champions after the Jets' defense had intercepted Colts quarterback Earl Morrall three times in the first half. The Jets had 337 total yards, including 121 yards rushing by Matt Snell. Johnny Unitas, who had missed most of the season with a sore elbow, came off the bench and led Baltimore to its only touchdown late in the fourth quarter after New York led 16-0.

GREEN BAY 33, OAKLAND 14—Green Bay, after winning its third consecutive NFL championship, won the Super Bowl title for the second straight year 33-14 over the AFL champion Raiders in a game that drew the first $3-million gate in football history. Bart Starr again was chosen the game's most valuable player as he completed 13 of 24 passes for 202 yards and one touchdown and directed a Packers attack that was in control all the way after building a 16-7 halftime lead. Don Chandler kicked four field goals and all-pro cornerback Herb Adderley capped the Green Bay scoring with a 60-yard run with an interception. The game marked the last for Vince Lombardi as Packers coach, ending nine years at Green Bay in which he won six Western Conference championships, five NFL championships, and two Super Bowls.

GREEN BAY 35, KANSAS CITY 10—The Green Bay Packers opened the Super Bowl series by defeating Kansas City's American Football League champions 35-10 behind the passing of Bart Starr, the receiving of Max McGee, and a key interception by all-pro safety Willie Wood. Green Bay broke open the game with three second-half touchdowns, the first of which was set up by Wood's 50-yard return of an interception to the Chiefs' 5 yard line. McGee, filling in for ailing Boyd Dowler after having caught only four passes all season, caught seven from Starr for 138 yards and two touchdowns. Elijah Pitts ran for two other scores. The Chiefs' 10 points came in the second quarter, the only touchdown on a seven-yard pass from Len Dawson to Curtis McClinton. Starr completed 16 of 23 passes for 250 yards and two touchdowns and was chosen the most valuable player. The Packers collected $15,000 per man and the Chiefs $7,500—the largest single-game shares in the history of team sports.

1989 American Football Conference Championship Game

Mile High Stadium, Denver, Colorado — January 14, 1990
Attendance: 76,046

DENVER 37, CLEVELAND 21 — The AFC West champion Denver Broncos advanced to their third Super Bowl in the past four seasons by defeating the AFC Central titlist Cleveland Browns 37-21. Denver eclipsed or tied 17 team postseason records and equaled or exceeded 11 more individual marks. John Elway completed 20 of 36 passes for 385 yards and three touchdowns. He also led all rushers with 39 yards on five carries. Elway's 385 passing yards and 424 yards total offense were team records. Elway's 70-yard touchdown pass to Michael Young gave the Broncos a 10-0 halftime lead. Young hauled in a 53-yard pass in the third quarter to set up Orson Mobley's five-yard scoring catch for a 17-7 Denver lead. After Sammy Winder extended the Broncos' advantage to 24-7 on a seven-yard run, Cleveland closed the gap to three points by scoring a pair of touchdowns within a 2:11 span. Denver countered by scoring on three of its four fourth-quarter drives. The Broncos' defense limited the Browns to 256 total yards and deflected six Bernie Kosar passes

CLEVELAND 34, BUFFALO 30—Clay Matthews's interception at the Cleveland 1-yard line with three seconds to play helped the Browns preserve a 34-30 win over the Bills and earn a berth in the AFC Championship Game for the third time in four years. Buffalo scored on its sixth play of the game when Jim Kelly and Andre Reed combined on a 72-yard pass play. Cleveland's Bernie Kosar countered with touchdown passes of 52 yards to Webster Slaughter and three yards to Ron Middleton for a 17-14 halftime lead. Cleveland extended its lead to 24-14 on Kosar's 44-yard touchdown pass to Slaughter following an interception by Mark Harper. The Bills cut the deficit to three points as Mark Kelso's fumble recovery at the Cleveland 21 set up Kelly's six-yard scoring pass to Thurman Thomas. Cleveland rookie Eric Metcalf returned the ensuing kickoff 90 yards for a touchdown, the first such play in Browns' postseason history. After the teams swapped field goals, Kelly hit Thomas for a three-yard touchdown pass. However, the extra point failed. Thomas tied an NFL postseason record with 13 receptions for 150 yards, while Kelly set a club playoff mark with 405 yards passing on 28 of 54 with four touchdowns and two interceptions. Kosar completed 20 of 29 passes for 251 yards. Slaughter gained 114 yards on three receptions.

Denver's Bratton scored on a one-yard plunge, but Louis Lipps put the Steelers' lead back to 10 with a nine-yard touchdown catch from Bubby Brister. Tyrone Braxton recovered a fumble at the Steelers' 37-yard line early in the third quarter. One play later, John Elway completed a 37-yard touchdown pass to Vance Johnson to tie the score 17-17. Anderson's field goals of 35 and 32 yards put the Steelers back on top, but Elway marched the Broncos 71 yards in nine plays for the winning score. Randy Robbins's fumble recovery at the Pittsburgh 18-yard line with 2:02 remaining sealed the win. Hoge gained 120 yards on 16 carries for the Steelers. Pittsburgh took a 16-9 fourth-quarter lead on running back Tim Worley's nine-yard touchdown run and Anderson's field goals of 25, 30, and 48 yards. Houston's Warren Moon tied the score with an 18-yard touchdown pass to Ernest Givins and gave the Oilers their only lead, 23-16, when he found Givins on a nine-yard scoring pass with six minutes to play. Pittsburgh's Bubby Brister countered with an 82-yard, 11-play drive capped by Merril Hoge's two-yard touchdown plunge with 46 seconds remaining. Anderson's extra point tied the score and sent the game into overtime. The Steelers won the extra period coin toss but were forced to punt. Rod Woodson recovered Lorenzo White's fumble on the Oilers' first play in overtime to set up Anderson's decisive field goal. Hoge became the first Steeler to gain 100 yards (17 carries for 100 yards) in a postseason game since Franco Harris in 1978. Moon completed 29 of 48 passes for 315 yards and two touchdowns, including 11 to Givins for 136 yards and both scores.

AFC 10, NFC 6—The AFC defeated the NFC, 10-6, in the lowest-scoring game in AFC-NFC Pro Bowl history. NFC 14, AFC 13—Walter Payton, the NFL's leading rusher in 1977, sparked a second-half comeback to give the NFC a 14-13 win and tie the series between the two conferences at four victories each. Payton, who was the game's most valuable player, gained 77 yards on 13 carries and scored the tying touchdown on a one-yard burst with 7:37 left in the game. Efren Herrera kicked the winning extra point. On the NFC's first possession of the second half, Pat Haden put together the first touchdown drive after Eddie Brown returned Ray Guy's punt to the AFC 46-yard line. Haden connected on all four of his passes on that drive, finally hitting Terry Metcalf with a four-yard scoring toss. AFC 24, NFC 14—O.J. Simpson's three-yard touchdown burst at 7:03 of the first quarter gave the AFC a lead it would not surrender, the victory breaking a

two-game NFC win streak and giving the American Conference stars a 4-3 series lead. The AFC took a 17-7 lead midway through the second period on the first of two Ken Anderson touchdown passes, a 12-yarder to Charlie Joiner. But the NFC mounted a 73-yard drive capped by Lawrence McCutcheon's one-yard touchdown plunge to pull within three of the AFC, 17-14, at the half. Following a scoreless third quarter, player of the game Mel Blount thwarted a possible NFC score when he intercepted Jim Hart's pass in the end zone. Less than three minutes later, Blount again picked off a Hart pass, returning it 16 yards to the NFC 27. That set up Anderson's 27-yard touchdown strike to Cliff Branch for the final score.

Note: From 1947 through 1958, the first selection in the draft was a Bonus pick, awarded to the winner of a random draw. That club, in turn, forfeited its last-round draft choice. The winner of the Bonus choice was eliminated from future draws. The system was abolished after 1958, by which time all clubs had received a Bonus choice.

If club had no first-round selection, first player drafted is listed with round in parentheses.

NFL Digest of Rules

This Digest of Rules of the National Football League has been prepared to aid players, fans, and members of the press, radio, and television media in their understanding of the game.

It is not meant to be a substitute for the official rule book. In any case of conflict between these explanations and the official rules, the rules always have precedence.

In order to make it easier to coordinate the information in this digest the topics discussed generally follow the order of the rule book.

Officials' Jurisdictions, Positions, and Duties

Referee—General oversight and control of game. Gives signals for all fouls and is final authority for rule interpretations. Takes a position in backfield 10 to 12 yards behind line of scrimmage, favors right side (if quarterback is right-handed passer). Determines legality of snap, observes deep back(s) for legal motion. On running play, observes quarterback during and after handoff, remains with him until action has cleared away, then proceeds downfield, checking on runner and contact behind him. When runner is downed, Referee determines forward progress from wing official and, if necessary, adjusts final position of ball.

On pass plays, drops back as quarterback begins to fade back, picks up legality of blocks by near linemen. Changes to complete concentration on quarterback as defenders approach. Primarily responsible to rule on possible roughing action on passer and if ball becomes loose, rules whether ball is free on a fumble or dead on an incomplete pass.

During kicking situations, Referee has primary responsibility to rule on kicker's actions and whether or not any subsequent contact by a defender is legal.

Umpire—Primary responsibility to rule on players' equipment, as well as their conduct and actions on scrimmage line. Lines up approximately four to five yards downfield, varying position from in front of weakside tackle to strongside guard. Looks for possible false start by offensive linemen. Observes legality of contact by both offensive linemen while blocking and by defensive players while they attempt to ward off blockers. Is prepared to call rule infractions if they occur on offense or defense. Moves forward to line of scrimmage when pass play develops in order to insure that interior linemen do not move illegally downfield. If offensive linemen indicate screen pass is to be attempted, Umpire shifts his attention toward screen side, picks up potential receiver in order to insure that he will legally be permitted to run his pattern and continues to rule on action of blockers. Umpire is to assist in ruling on incomplete or trapped passes when ball is thrown overhead or short.

Head Linesman—Primarily responsible for ruling on offside, encroachment, and actions pertaining to scrimmage line prior to or at snap. Keys on closest setback on his side of the field. On pass plays, Linesman is responsible to clear this receiver approximately seven yards downfield as he moves to a point five yards beyond the line. Linesman's secondary responsibility is to rule on any illegal action taken by defenders on any delay receiver moving downfield. Has full responsibility for ruling on sideline plays on his side, e.g., pass receiver or runner in or out of bounds. Together with Referee, Linesman is responsible for keeping track of number of downs and is in charge of mechanics of his chain crew in connection with its duties.

Linesman must be prepared to assist in determining forward progress by a runner on play directed toward middle or into his side zone. He, in turn, is to signal Referee or Umpire what forward point ball has reached. Linesman is also responsible to rule on legality of action involving any receiver who approaches his side zone. He is to call pass interference when the infraction occurs and is to rule on legality of blockers and defenders on plays involving ball carriers, whether it is entirely a running play, a combination pass and run, or a play involving a kick.

Line Judge—Straddles line of scrimmage on side of field opposite Linesman. Keeps time of game as a backup for clock operator. Along with Linesman is responsible for offside, encroachment, and actions pertaining to scrimmage line prior to or at snap. Line Judge keys on closest setback on his side of field. Line Judge is to observe his receiver until he moves at least seven yards downfield. He then moves toward backfield side, being especially alert to rule on any back in motion and on flight of ball when pass is made (he must rule whether forward or backward). Line Judge has primary responsibility to rule whether or not passer is behind or beyond line of scrimmage when pass is made. He also assists in observing actions by blockers and defenders who are on his side of field. After pass is thrown, Line Judge directs attention toward activities that occur in back of Umpire. During punting situations, Line Judge remains at line of scrimmage to be sure that only the end men move downfield until kick has been made. He also rules whether or not the kick crossed line and then observes action by members of the kicking team who are moving downfield to cover the kick.

Back Judge—Operates on same side of field as Line Judge, 17 yards deep. Keys on wide receiver on his side. Concentrates on path of end or back, observing legality of his potential block(s) or of actions taken against him. Is prepared to rule from deep position on holding or illegal use of hands by end or back or on defensive infractions committed by player guarding him. Has primary responsibility to make decisions involving sideline on his side of field, e.g., pass receiver or runner in or out of bounds.

Back Judge makes decisions involving catching, recovery, or illegal touching of a loose ball beyond line of scrimmage; rules on plays involving pass receiver, including legality of catch or pass interference; assists in covering actions of runner, including blocks by teammates and that of defenders; calls clipping on punt returns; and, together with Field Judge, rules whether or not field goal attempts are successful.

Side Judge—Operates on same side of field as Linesman, 17 yards deep. Keys on wide receiver on his side. Concentrates on path of end or back, observing legality of his potential block(s) or of actions taken against him. Is prepared to rule from deep position on holding or illegal use of hands by end or back or on defensive infractions committed by player guarding him. Has primary responsibility to make decisions involving sideline on his side of field, e.g., pass receiver or runner in or out of bounds.

Side Judge makes decisions involving catching, recovery, or illegal touching of a loose ball beyond line of scrimmage; rules on plays involving pass receiver, including legality of catch or pass interference; assists in covering actions of runner, including blocks by teammates and that of defenders; and calls clipping on punt returns.

Field Judge—Takes a position 25 yards downfield. In general, favors the tight end's side of field. Keys on tight end, concentrates on his path and observes legality of tight end's potential block(s) or of actions taken against him. Is prepared to rule from deep position on holding or illegal use of hands by end or back or on defensive infractions committed by player guarding him.

Field Judge times interval between plays on 45/25-second clock plus intermission between two periods of each half; makes decisions involving catching, recovery, or illegal touching of a loose ball beyond line of scrimmage; is responsible to rule on plays involving end line; calls pass interference, fair catch infractions, and clipping on kick returns; and, together with Back Judge, rules whether or not field goals and conversions are successful.

Suspension From Game

1. Illegal equipment. (Player may return after one down when legally equipped.)

Touchdown

1. When Referee determines a palpably unfair act deprived a team of a touchdown. (Example: Player comes off bench and tackles runner apparently en route to touchdown.)

Field

1. Sidelines and end lines are out of bounds. The goal line is actually in the end zone. A player with the ball in his possession scores when the ball is on, above, or over the goal line.
2. The field is rimmed by a white border, a minimum six feet wide, along the sidelines. All of this is out of bounds.
3. The hashmarks (inbound lines) are 70 feet, 9 inches from each sideline.
4. Goal posts must be single-standard type, offset from the end line and painted bright gold. The goal posts must be 18 feet, 6 inches wide and the top face of the crossbar must be 10 feet above the ground. Vertical posts extend at least 30 feet above the crossbar. A ribbon 4 inches by 42 inches long is to be attached to the top of each post. The actual goal is the plane extending indefinitely above the crossbar and between the outer edges of the posts.
5. The field is 360 feet long and 160 feet wide. The end zones are 30 feet deep. The line used in try-for-point plays is two yards out from the goal line.
6. Chain crew members and ball boys must be uniformly identifiable.
7. All clubs must use standardized sideline markers. Pylons must be used for goal line and end line markings.
8. End zone markings and club identification at 50 yard line must be approved by the Commissioner to avoid any confusion as to delineation of goal lines, sidelines, and end lines.

Ball

1. The home club must have 24 balls available for testing by the Referee one hour before game time. In case of bad weather, a playable ball is to be substituted on request of the offensive team captain.

Coin Toss

1. The toss of coin will take place within three minutes of kickoff in center of field. The toss will be called by the visiting captain. The winner may choose one of two privileges and the loser gets the other:
   (a) Receive or kick
   (b) Goal his team will defend
2. Immediately prior to the start of the second half, the captains of both teams must inform the officials of their respective choices. The loser of the original coin toss gets first choice.

Timing

1. The stadium game clock is official. In case it stops or is operating incorrectly, the Line Judge takes over the official timing on the field.
2. Each period is 15 minutes. The intermission between the periods is two minutes. Halftime is 12 minutes, unless otherwise specified.
3. On charged team time outs, the Field Judge starts watch and blows whistle after 1 minute 50 seconds, unless television does not utilize the time for commercial. In this case the length of the time out is reduced to 40 seconds.
4. Referee may allow two minutes for injured player and three minutes for equipment repair.
5. Each team is allowed three time outs each half.
6. Time between plays will be 45 seconds from the end of a given play until the snap of the ball for the next play, or a 25-second interval after certain administrative stoppages and game delays.
7. Clock will start running when ball is snapped following all changes of team possession.
8. With the exception of the last two minutes of the first half and the last five minutes of the second half, the game clock will be restarted following a kickoff return, a player going out of bounds, or after all declined penalties on the Referee's ready signal.
9. Consecutive team time outs can be taken by opposing teams but the length of the second time out will be reduced to 40 seconds.
10. When, in the judgment of the Referee, the level of crowd noise prevents the offense from hearing its signals, he can institute a series of procedures which can result in a loss of team time outs or a five-yard penalty against the defensive team.

Sudden Death

1. The sudden death system of determining the winner shall prevail when score is tied at the end of the regulation playing time of all NFL games. The team scoring first during overtime play shall be the winner and the game automatically ends upon any score (by safety, field goal, or touchdown) or when a score is awarded by Referee for a palpably unfair act.
2. At the end of regulation time the Referee will immediately toss coin at center of field in accordance with rules pertaining to the usual pregame toss. The captain of the visiting team will call the toss.

3. Following a three-minute intermission after the end of the regulation game, play will be continued in 15-minute periods or until there is a score. There is a two-minute intermission between subsequent periods. The teams change goals at the start of each period. Each team has three time outs and general provisions for play in the last two minutes of a half shall prevail. Disqualified players are not allowed to return.
   Exception: In preseason and regular season games there shall be a maximum of 15 minutes of sudden death with two time outs instead of three. General provisions for play in the last two minutes of a half will be in force.

Timing in Final Two Minutes of Each Half

1. On kickoff, clock does not start until the ball has been legally touched by player of either team in the field of play. (In all other cases, clock starts with kickoff.)
2. A team cannot "buy" an excess time out for a penalty. However, a fourth time out is allowed without penalty for an injured player, who must be removed immediately. A fifth time out or more is allowed for an injury and a five-yard penalty is assessed if the clock was running. Additionally, if the clock was running and the score is tied or the team in possession is losing, the ball cannot be put in play for at least 10 seconds on the fourth or more time out. The half or game can end while those 10 seconds are run off on the clock.
3. If the defensive team is behind in the score and commits a foul when it has no time outs left in the final 30 seconds of either half, the offensive team can decline the penalty for the foul and have the time on the clock expire.
4. Fouls that occur in the last five minutes of the fourth quarter as well as the last two minutes of the first half will result in the clock starting on the snap.

Try-for-Point

1. After a touchdown, the scoring team is allowed a try-for-point during one scrimmage down. The ball may be spotted anywhere between the inbounds lines, two or more yards from the goal line. The successful conversion counts one point, whether by run, kick, or pass.
2. The defensive team never can score on a try-for-point. As soon as defense gets possession, or kick is blocked, ball is dead.
3. Any distance penalty for fouls committed by the defense that prevent the try from being attempted can be enforced on the succeeding kickoff. Any foul committed on a successful try will result in a distance penalty being assessed on the ensuing kickoff.
4. Only the fumbling player may advance a fumble during a try-for-point.

Players-Substitutions

1. Each team is permitted 11 men on the field at the snap.
2. Unlimited substitution is permitted. However, players may enter the field only when the ball is dead. Players who have been substituted for are not permitted to linger on the field. Such lingering will be interpreted as unsportsmanlike conduct.
3. Players leaving the game must be out of bounds on their own side, clearing the field between the end lines, before a snap or free kick. If player crosses end line leaving field, it is delay of game (five-yard penalty).
4. Substitutes who remain in the game must move onto the field as far as the inside of the field numerals before moving to a wide position.

Kickoff

1. The kickoff shall be from the kicking team's 35 yard line at the start of each half and after a field goal and try-for-point. A kickoff is one type of free kick.
2. Either a one-, two-, or three-inch tee may be used (no tee permitted for field goal or try-for-point plays). The ball is put in play by a placekick or dropkick.
3. If kickoff clears the opponent's goal posts it is not a field goal.
4. A kickoff is illegal unless it travels 10 yards OR is touched by the receiving team. Once the ball is touched by the receiving team it is a free ball. Receivers may recover and advance. Kicking team may recover but NOT advance UNLESS receiver had possession and lost the ball.
5. When a kickoff goes out of bounds between the goal lines without being touched by the receiving team, the ball belongs to the receivers 30 yards from the spot of the kick or at the out-of-bounds spot unless the ball went out-of-bounds the first time an onside kick was attempted. In this case the kicking team is to be penalized five yards and the ball must be kicked again.
6. When a kickoff goes out of bounds between the goal lines and is touched last by receiving team, it is receiver's ball at out-of-bounds spot.

Free Kick

1. In addition to a kickoff, the other free kicks are a kick after a safety and a kick after a fair catch. In both cases, a dropkick, placekick, or punt may be used (a punt may not be used on a kickoff).
2. On a free kick after a fair catch, captain of receiving team has the option to put ball in play by punt, dropkick, or placekick without a tee, or by snap. If the placekick or dropkick goes between the uprights a field goal is scored.
3. On a free kick after a safety, the team scored upon puts ball in play by a punt, dropkick, or placekick without tee. No score can be made on a free kick following a safety, even if a series of penalties places team in position. (A field goal can be scored only on a play from scrimmage or a free kick after a fair catch.)

Field Goal

1. All field goals attempted and missed from scrimmage line beyond the 20 yard line will result in the defensive team taking possession of the ball at the scrimmage line. On any field goal attempted and missed from scrimmage line inside the 20 yard line, ball will revert to defensive team at the 20 yard line.

Safety

1. The important factor in a safety is impetus. Two points are scored for the opposing team when the ball is dead on or behind a team's own goal line if the impetus came from a player on that team.

Examples of Safety:

(a) Blocked punt goes out of kicking team's end zone. Impetus was provided by punting team. The block only changes direction of ball, not impetus.
(b) Ball carrier retreats from field of play into his own end zone and is downed. Ball carrier provides impetus.
(c) Offensive team commits a foul and spot of enforcement is behind its own goal line.
(d) Player on receiving team muffs punt and, trying to get ball, forces or illegally kicks it into end zone where he or a teammate recovers. He has given new impetus to the ball.

Examples of Non-Safety:

(a) Player intercepts a pass with both feet inbounds in the field of play and his momentum carries him into his own end zone. Ball is put in play at spot of interception.
(b) Player intercepts a pass in his own end zone and is downed. Impetus came from passing team, not from defense. (Touchback)
(c) Player passes from behind his own goal line. Opponent bats down ball in end zone. (Incomplete pass)

Measuring

1. The forward point of the ball is used when measuring.

Position of Players at Snap

1. Offensive team must have at least seven players on line.
2. Offensive players, not on line, must be at least one yard back at snap. (**Exception:** player who takes snap.)
3. No interior lineman may move after taking or simulating a three-point stance.
4. No player of either team may invade neutral zone before snap.
5. No player of offensive team may charge or move, after assuming set position, in such manner as to lead defense to believe snap has started.
6. If a player changes his eligibility, the Referee must alert the defensive captain after player has reported to him.
7. All players of offensive team must be stationary at snap, except one back who may be in motion parallel to scrimmage line or backward (not forward).
8. After a shift or huddle all players on offensive team must come to an absolute stop for at least one second with no movement of hands, feet, head, or swaying of body.
9. Quarterbacks can be called for a false start penalty (five yards) if their actions are judged to be an obvious attempt to draw an opponent offside.

Use of Hands, Arms, and Body

1. No player on offense may assist a runner except by blocking for him. There shall be no interlocking interference.
2. A runner may ward off opponents with his hands and arms but no other player on offense may use hands or arms to obstruct an opponent by grasping with hands, pushing, or encircling any part of his body during a block. Hands (open or closed) can be thrust forward to initially contact an opponent on or outside the opponent's frame, but the blocker must work to bring his hands on or inside the frame.
   Note: Pass blocking: Hand(s) thrust forward that slip outside the body of the defender will be legal if blocker worked to bring them back inside. Hand(s) or arm(s) that encircle a defender—i.e., hook an opponent—are to be considered illegal and officials are to call a foul for holding.
   Blocker cannot use his hands or arms to push from behind, hang onto, or encircle an opponent in a manner that restricts his movement as the play develops.
3. Hands cannot be thrust forward above the frame to contact an opponent on the neck, face or head.
   Note: The frame is defined as the part of the opponent's body below the neck that is presented to the blocker.
4. A defensive player may not tackle or hold an opponent other than a runner. Otherwise, he may use his hands, arms, or body only:
   (a) To defend or protect himself against an obstructing opponent.
      Exception: An eligible receiver is considered to be an obstructing opponent ONLY to a point five yards beyond the line of scrimmage unless the player who receives the snap clearly demonstrates no further intention to pass the ball. Within this five-yard zone, a defensive player may make contact with an eligible receiver that may be maintained as long as it is continuous and unbroken. The defensive player cannot use his hands or arms to push from behind, hang onto, or encircle an eligible receiver in a manner that restricts movement as the play develops. Beyond this five-yard limitation, a defender may use his hands or arms ONLY to defend or protect himself against impending contact caused by a receiver. In such reaction, the defender may not contact a receiver who attempts to take a path to evade him.
   (b) To push or pull opponent out of the way on line of scrimmage.
   (c) In actual attempt to get at or tackle runner.
   (d) To push or pull opponent out of the way in a legal attempt to recover a loose ball.
   (e) During a legal block on an opponent who is not an eligible pass receiver.
   (f) When legally blocking an eligible pass receiver above the waist.
      Exception: Eligible receivers lined up within two yards of the tackle, whether on or immediately behind the line, may be blocked below the waist at or behind the line of scrimmage. NO eligible receiver may be blocked below the waist after he goes beyond the line.

Note: Once the quarterback hands off or pitches the ball to a back, or if the quarterback leaves the pocket area, the restrictions on the defensive team relative to the offensive receivers will end, provided the ball is not in the air.

5. A defensive player must not contact an opponent above the shoulders with the palm of his hand except to ward him off on the line. This exception is permitted only if it is not a repeated act against the same opponent during any one contact. In all other cases the palms may be used on head, neck, or face only to ward off or push an opponent in legal attempt to get at the ball.
6. Any offensive player who pretends to possess the ball or to whom a teammate pretends to give the ball may be tackled provided he is crossing his scrimmage line between the ends of a normal tight offensive line.
7. An offensive player who lines up more than two yards outside his own tackle or a player who, at the snap, is in a backfield position and subsequently takes a position more than two yards outside a tackle may not clip an opponent anywhere nor may he contact an opponent below the waist if the blocker is moving toward the ball and if contact is made within an area five yards on either side of the line.
8. A player of either team may block at any time provided it is not pass interference, fair catch interference, or unnecessary roughness.
9. A player may not bat or punch:
   (a) A loose ball (in field of play) toward his opponent's goal line or in any direction in either end zone.
   (b) A ball in player possession or attempt to get possession.
   Exception: A forward or backward pass may be batted, tipped, or deflected in any direction at any time by either the offense or the defense.
   Note: A pass in flight that is controlled or caught may only be thrown backward.
10. No player may deliberately kick any ball except as a punt, dropkick, or placekick.

Forward Pass

1. A forward pass may be touched or caught by any eligible receiver. All members of the defensive team are eligible. Eligible receivers on the offensive team are players on either end of line (other than center, guard, or tackle) or players at least one yard behind the line at the snap. A T-formation quarterback is not eligible to receive a forward pass during a play from scrimmage.
   Exception: T-formation quarterback becomes eligible if pass is previously touched by an eligible receiver.
2. An offensive team may make only one forward pass during each play from scrimmage (Loss of down).
3. The passer must be behind his line of scrimmage (Loss of down and five yards, enforced from the spot of pass).
4. Any eligible offensive player may catch a forward pass. If a pass is touched by one offensive player and touched or caught by a second eligible offensive player, pass completion is legal. Further, all offensive players become eligible once a pass is touched by an eligible receiver or any defensive player.
5. The rules concerning a forward pass and ineligible receivers:
   (a) If ball is touched accidentally by an ineligible receiver on or behind his line: loss of down.
   (b) If ineligible receiver is illegally downfield: loss of 10 yards.
   (c) If touched or caught (intentionally or accidentally) by ineligible receiver beyond the line: loss of 10 yards or loss of down.
6. The player who first controls and continues to maintain control of a pass will be awarded the ball even though his opponent later establishes joint control of the ball.
7. Any forward pass becomes incomplete and ball is dead if:
   (a) Pass hits the ground or goes out of bounds.
   (b) Hits the goal post or the crossbar of either team.
   (c) Is caught by offensive player after touching ineligible receiver.
   (d) An illegal pass is caught by the passer.
8. A forward pass is complete when a receiver clearly touches the ground with both feet inbounds while in possession of the ball. If a receiver would have landed inbounds with both feet but is carried or pushed out of bounds while maintaining possession of the ball, pass is complete at the out-of-bounds spot.
9. If an eligible receiver goes out of bounds accidentally or is forced out by a defender and returns to catch a pass, the play is regarded as a pass caught out of bounds. (Loss of down, no yardage.)
10. On a fourth down pass—when the offensive team is inside the opposition's 20 yard line—an incomplete pass results in a loss of down at the line of scrimmage.
11. If a personal foul is committed by the defense prior to the completion of a pass, the penalty is 15 yards from the spot where ball becomes dead.
12. If a personal foul is committed by the offense prior to the completion of a pass, the penalty is 15 yards from the previous line of scrimmage.

Intentional Grounding of Forward Pass

1. Intentional grounding of a forward pass is a foul: loss of down and 10 yards from previous spot if passer is in the field of play or loss of down at the spot of the foul if it occurs more than 10 yards behind the line or safety if passer is in his own end zone when ball is released.
2. It is considered intentional grounding of a forward pass when the ball strikes the ground after the passer throws, tosses, or lobs the ball to prevent a loss of yards by his team.
3. It is not intentional grounding when the defensive rushers have not put sufficient pressure on the passer to prevent him, for strategic purposes, from throwing the ball downfield in a natural and effective motion even though there is no apparent chance of completion.

Protection of Passer

1. By interpretation, a pass begins when the passer—with possession of ball—starts to bring his hand forward. If ball strikes ground after this action has begun, play is ruled an incomplete pass. If passer loses control of ball prior to his bringing his hand forward, play is ruled a fumble.
2. No defensive player may run into a passer of a legal forward pass after the ball has left his hand (15 yards). The Referee must determine whether opponent had a reasonable chance to stop his momentum during an attempt to block the pass or tackle the passer while he still had the ball.
3. No defensive player who has an unrestricted path to the quarterback may hit him flagrantly in the area of the knee(s) when approaching in any direction.
4. Officials are to blow the play dead as soon as the quarterback is clearly in the grasp and control of any tackler.

Pass Interference

1. There shall be no interference with a forward pass thrown from behind the line. The restriction for the passing team starts with the snap. The restriction on the defensive team starts when the ball leaves the passer's hand. Both restrictions end when the ball is touched by anyone.
2. The penalty for defensive pass interference is an automatic first down at the spot of the foul. If interference is in the end zone, it is first down for the offense on the defense's 1 yard line. If previous spot was inside the defense's 1 yard line, penalty is half the distance to the goal line.
3. The penalty for offensive pass interference is 10 yards from the previous spot.
4. It is pass interference by either team when any player movement beyond the offensive line significantly hinders the progress of an eligible player or such player's opportunity to catch the ball during a legal forward pass. When players are competing for position to make a play on the ball, any contact by hands, arms or body shall be considered incidental unless prohibited. Prohibited conduct shall be when a player physically restricts or impedes the opponent in such a manner that is visually evident and materially affects the opponent's opportunity to gain position or retain his position to catch the ball. If a player has gained position, he shall not be considered to have impeded or restricted his opponent in a prohibited manner if all of his actions are a bona fide effort to go to and catch the ball. Provided an eligible player is not interfered with in such a manner, the following exceptions to pass interference will prevail:
   (a) If neither player is looking for the ball and there is incidental contact in the act of moving to the ball that does not materially affect the route of an eligible player, there is no interference. If there is any question whether the incidental contact materially affects the route, the ruling shall be no interference.
   Note: Inadvertent tripping is not a foul in this situation.
   (b) Any eligible player looking for and intent on playing the ball who initiates contact, however severe, while attempting to move to the spot of completion or interception will not be called for interference.
   (c) Any eligible player who makes contact, however severe, with one or more eligible players while looking for and making a genuine attempt to catch or bat a reachable ball, will not be called for interference.
   (d) It must be remembered that defensive players have as much right to the ball as offensive eligible receivers.
   (e) Pass interference by the defense is not to be called when the forward pass is clearly uncatchable.
   (f) Note: There is no defensive pass interference behind the line.

Backward Pass

1. Any pass not forward is regarded as a backward pass or lateral. A pass parallel to the line is a backward pass. A runner may pass backward at any time. Any player on either team may catch the pass or recover the ball after it touches the ground.
2. A backward pass that strikes the ground can be recovered and advanced by offensive team.
3. A backward pass that strikes the ground can be recovered but cannot be advanced by the defensive team.
4. A backward pass caught in the air can be advanced by the defensive team.

Fumble

1. The distinction between a fumble and a muff should be kept in mind in considering rules about fumbles. A fumble is the loss of possession of the ball. A muff is the touching of a loose ball by a player in an unsuccessful attempt to obtain possession.
2. A fumble may be advanced by any player on either team regardless of whether recovered before or after ball hits the ground.
3. A fumble that goes forward and out of bounds will return to the fumbling team at the spot of the fumble unless the ball goes out of bounds in the opponent's end zone. In this case, the defensive team is to take possession at the spot of the fumble.
4. If an offensive player fumbles anywhere on the field during a fourth down play, or if a player fumbles on any down after the two-minute warning in a half, only the fumbling player is permitted to recover and/or advance the ball. If recovered by any other offensive player, the ball is dead at the spot of the fumble unless it is recovered behind the spot of the fumble. In that case, ball is dead at spot of recovery. Any defensive player may recover and/or advance any fumble.
   Exception: The fourth-down fumble rule does not apply if a player touches, but does not possess, a direct snap from center, i.e., a snap in flight as opposed to a hand-to-hand exchange.

Kicks From Scrimmage

1. Any punt or missed field goal that touches a goal post is dead.
2. During a kick from scrimmage, only the end men, as eligible receivers on the line of scrimmage at the time of the snap, are permitted to go beyond the line before the ball is kicked.
   Exception: An eligible receiver who, at the snap, is aligned or in motion behind the line and more than one yard outside the end man on his side of the line, clearly making him the outside receiver, REPLACES that end man as the player eligible to go downfield after the snap. All other members of the kicking team must remain at the line of scrimmage until the ball has been kicked.
3. Any punt that is blocked and does not cross the line of scrimmage can be recovered and advanced by either team. However, if offensive team recovers it must make the yardage necessary for its first down to retain possession if punt was on fourth down.
4. The kicking team may never advance its own kick even though legal recovery is made beyond the line of scrimmage. Possession only.
5. A member of the receiving team may not run into or rough a kicker who kicks from behind his line unless contact is:
   (a) Incidental to and after he had touched ball in flight.
   (b) Caused by kicker's own motions.
   (c) Occurs during a quick kick, or a kick made after a run, or after kicker recovers a loose ball. Ball is loose when kicker muffs snap or snap hits ground.
   (d) Defender is blocked into kicker.
   The penalty for running into the kicker is 5 yards. For roughing the kicker: 15 yards, an automatic first down and disqualification if flagrant.
6. If a member of the kicking team attempting to down the ball on or inside opponent's 5 yard line carries the ball into the end zone, it is a touchback.
7. Fouls during a punt are enforced from the previous spot (line of scrimmage). **Exception:** Illegal touching, illegal fair catch, invalid fair catch signal, and fouls by the receiving team during loose ball after ball is kicked.
8. While the ball is in the air or rolling on the ground following a punt or field goal attempt and receiving team commits a foul before gaining possession, receiving team will retain possession and will be penalized for its foul.
9. It will be illegal for a defensive player to jump or stand on any player, or be picked up by a teammate or to use a hand or hands on a teammate to gain additional height in an attempt to block a kick (Penalty 15 yards, unsportsmanlike conduct).
10. A punted ball remains a kicked ball until it is declared dead or in possession of either team.
11. Any member of the punting team may down the ball anywhere in the field of play. However, it is illegal touching (Official's time out and receiver's ball at spot of illegal touching). This foul does not offset any foul by receivers during the down.
12. Defensive team may advance all kicks from scrimmage (including unsuccessful field goal) whether or not ball crosses defensive team's goal line. Rules pertaining to kicks from scrimmage apply until defensive team gains possession.

Fair Catch

1. The member of the receiving team must raise one arm a full length above his head and wave it from side to side while kick is in flight. (Failure to give proper sign: receivers' ball five yards behind spot of signal.) **Note:** It is legal for the receiver to shield his eyes from the sun by raising one hand no higher than the helmet.
2. No opponent may interfere with the fair catcher, the ball, or his path to the ball. Penalty: 15 yards from spot of foul and fair catch is awarded.
3. A player who signals for a fair catch is not required to catch the ball. However, if a player signals for a fair catch, he may not block or initiate contact with any player on the kicking team until the ball touches a player. Penalty: snap 15 yards behind spot of foul.
4. If ball hits ground or is touched by member of kicking team in flight, fair catch signal is off and all rules for a kicked ball apply.
5. Any undue advance by a fair catch receiver is delay of game. No specific distance is specified for "undue advance" as ball is dead at spot of catch. If player comes to a reasonable stop, no penalty. For violation, five yards.
6. If time expires while ball is in play and a fair catch is awarded, receiving team may choose to extend the period with one free kick down. However, placekicker may not use tee.

Foul on Last Play of Half or Game

1. On a foul by defense on last play of half or game, the down is replayed if penalty is accepted.
2. On a foul by the offense on last play of half or game, the down is not replayed and the play in which the foul is committed is nullified.
   Exception: Fair catch interference, foul following change of possession, illegal touching. No score by offense counts.
3. On double foul on last play of half or game, down is replayed.

Spot of Enforcement of Foul

1. There are four basic spots at which a penalty for a foul is enforced:
   (a) Spot of foul: The spot where the foul is committed.
   (b) Previous spot: The spot where the ball was put in play.
   (c) Spot of snap, pass, fumble, return kick, or free kick: The spot where the act connected with the foul occurred.
   (d) Succeeding spot: The spot where the ball next would be put in play if no distance penalty were to be enforced.
   Exception: If foul occurs after a touchdown and before the whistle for a try-for-point, succeeding spot is spot of next kickoff.
2. All fouls committed by offensive team behind the line of scrimmage and in the field of play shall be penalized from the previous spot.
3. When spot of enforcement for fouls involving defensive holding or illegal use of hands by the defense is behind the line of scrimmage, any penalty yardage to be assessed on that play shall be measured from the line if the foul occurred beyond the line.

Double Foul

1. If there is a double foul during a down in which there is a change of possession, the team last gaining possession may keep the ball unless its foul was committed prior to the change of possession.
2. If double foul occurs after a change of possession, the defensive team retains the ball at the spot of its foul or dead ball spot.
3. If one of the fouls of a double foul involves disqualification, that player must be removed, but no penalty yardage is to be assessed.
4. If the kickers foul during a punt before possession changes and the receivers foul after possession changes, penalties will be offset and the down is replayed.

Penalty Enforced on Following Kickoff

1. When a team scores by touchdown, field goal, extra point, or safety and either team commits a personal foul, unsportsmanlike conduct, or obvious unfair act during the down, the penalty will be assessed on the following kickoff.

Procedures to Terminate or Temporarily Delay Completion of a Game

The National Football League holds to the position that all games should be played to their conclusion. However, if in the opinion of appropriate League authorities, it is impossible to begin or continue a game due to an emergency, or a game is deemed to be imminently threatened by any such emergency—e.g., severely inclement weather, lightning, flooding, power failure, interference by spectators, or other non-participants—then the following procedures will serve as guidelines for the Commissioner and/or his duly appointed representatives. The Commissioner will have the power to review the circumstances of each emergency and to adjust the following procedures in whatever manner he deems appropriate. If, in the Commissioner's opinion, it is reasonable to project that the resumption of an interrupted game would not change its ultimate result, he will be empowered to terminate the game.

1. The League employees vested with the authority to define emergencies under these procedures are the Commissioner, his representatives, and the game referee. In cases where neither the Commissioner nor his representatives are present, the referee shall have sole authority but he must make every effort to contact the Commissioner or representative for consultation. In all cases of significant delay, the League authorities will consult with the management of the participating clubs.
2. If, due to an emergency, a regular-season or postseason game is not started at its scheduled time and cannot be played at any later time that same day, the game, nevertheless, must be played on a subsequent date to be determined by the Commissioner.
3. If there is deemed to be a threat of an emergency (e.g., incoming tropical storm) that may occur during the playing of a game, the starting time of such game will not be moved to an earlier time unless there is clearly sufficient time to make an orderly change.
4. If an interrupted regular-season or postseason game cannot be completed on the same day, such game will be rescheduled by the Commissioner and resumed at that point.
5. In instances which require the Commissioner to reschedule a regular-season game, he will make every effort to set the game for no later than two days after its originally scheduled date, and if possible, at its original site. If unable to do so, he will schedule it at the nearest available facility. If it is impossible to schedule the game within two days after its original date, the Commissioner will attempt to schedule it on the Tuesday of the next calendar week in which the two involved clubs play other clubs no earlier than Sunday.
6. If an emergency interrupts a postseason game and such game cannot be resumed on that same date, the Commissioner will make every effort to arrange for its completion as soon as possible. If unable to schedule the game at the same site, he will select an appropriate alternate site. He will terminate the game short of completion only if in his judgment the continuation of the game would not be normally expected to alter the ultimate outcome.
7. In all instances where a game is resumed after interruption, the resumption will begin at the point at which the game was interrupted. The referee will call time out when it is necessary to declare an emergency interruption, and he will make a record of the team possessing the ball, position of the ball on the field, down, distance, time remaining in the period, and any other pertinent information required for an efficient and equitable resumption of play.

Note: In recent history, only two games, both preseason, have been terminated. In 1976, the Chicago College All-Star game was terminated due to thunderstorms with the Steelers leading the All-Stars 24-0, and the 1980 Pro Football Hall of Fame Game at Canton, Ohio, was called with 5:29 remaining due to severe thunder and lightning with the Chargers and Packers tied 0-0.
